RESCUE...
A woman in this area called us recently. It was 3:23 A.M. Dark and cold outside...bitter cold. And she reported it was cold inside her house, too. Her heating oil was down to nothing.
"One of my children is ill," she said. "I'm new in this neighborhood. Can you help me? Please?"
We alerted our truck already filled with Shell Heating Oil. We always keep one ready to roll, at any hour, for emergency deliveries. Off it sped.
When our driver reported back later, he said we had a new Shell Heating Oil customer. He said the woman who had been in trouble told him: "You people are dependable!"
You can depend on us, too—because we offer 24 hour service. So, to be sure of a warm house always, call today.
We warmly recommend you try us

Seek hit, run driver

A warrant charging hit and run has been issued for the driver of a car that left the scene of an accident on U. S. 68 14 miles south of Millersburg Sunday night.
Bourbon county Deputy Sheriff James C. Pruitt said that a car driven by W. F. Herrin, Carlisle Route 2, met the other car as the second vehicle approached over the crest of a hill. Herrin told the officer he saw the car coming directly at him over the hill and to avoid a head-on collision he swerved his car to the right shoulder but Herrin's car was struck by the second vehicle at the left rear fender and door.
The second car did not stop, Pruitt said the hit-run car was registered in the name of Elizabeth Brown, Lexington.
The accident happened at 9 p.m.

FFA boys attend training center

Five members and advisor of the Nicholas County Chapter of Future Farmers of America attended the Kentucky FFA Leadership Training Center at Hardinsburg, Kentucky last week.
The program for the week provided training in leadership to chapter officers and other members. Several of our local boys served as Panel members and leaders of discussion groups, and our advisor taught the third hour class and served as group leader of one of the groups composed of 30 boys in the recreational program.
Special classes were held for each officer and committee chairman to teach them their duties and responsibilities.
Special interest classes were offered in Driver Safety, FFA work, Conservation, Beginner Swimming, Photography, First Aid and Water Safety, Electrical Work, Tractor Driving, Forestry, Hunter Safety and Preparation of Applications for Degrees and Awards.
The following members attended the center president, Bobby Curtsinger; vice-president Johnny Jackson; secretary, Ronnie Haney; treasurer, Donnie Haney; reporter, Llyle Anderson; sentinel, Thornton Caswell; advisor Foster Pumphrey.
All of the boys attending the center from Nicholas County received Participation Certificates, and received a blue banner for having one of the best kept cottages for the week—Llyle Anderson, reporter Nicholas County FFA Chapter.

Junior Herndon of Millersburg will act as master of the hounds.

Pipe line work to continue

Council was given the go-ahead signal by businessmen and others at the mass called meeting held Monday night at the court house.
Councilman Teddy Poe, who is in charge of the laying of the water and gas lines to the new Giffin plant was instructed by Mayor Bill Power to continue construction work which was delayed last week from a so called lack of funds. See editorial page two.
A check with the city clerk of Carlisle following Monday's call meeting at which time it was decided to allocate funds from the city's gas operating account to finish the Giffin water and gas line, reveals the following.
"That the city has reduced the gas bonds to a point where the bond holders are not likely to interfer if some $18,000 is used from the operating fund to finish the construction.
Ten thousand dollars of the operating fund is on deposit as a bank certificate and $8,000 has already been used from the operating fund. A breakdown shows
Bonds retired in 1953 $ 3,000
Bonds retired 1954-59 28,000
Bonds bought before
date 36,000
Still outstanding 33,000
Original bond total $100,000
The $10,000 on deposit at interest was being held according to the clerk to replace worn and rusted pipe and meters and of course to earn interest by Feb. 19 1960 or $300.
Funds used from the gas operating account since 1954, and referred to as a municipal project amount are
$20,000 for the city's general expenses
$18,000 for the Giffin utility project
$38,000 some $5,000 more than would be needed to retire out standing bonds.

Hospital benefit dinner needs your contribution

Again comes the time to write a story about our hospital and why it is necessary each year to ask the good people of Nicholas County to attend the hospital benefit dinner at Forest Retreat, Aug. 7.
Tickets to the benefit are $5.00 each, not for the plate of chicken and the fellowship, that part is free, but a donation to help provide additional services.
We could point out that this community is indeed fortunate to have a 26 bed hospital with trained personnel.
That the emergency room treats over 800 persons a year.
That the highly trained personnel is always on hand to serve your every need. Be it a sprain or bad accident.
That previous benefits have made life easier for patients—with awnings and air conditioners, and you could easily be the next patient.
That it is your turn now to make a donation—whether it be five dollar tickets or a smaller donation. And if you don't enjoy chicken, fish or fellowship, just mail your donation to Bill Power, ticket chairman or A. V. (Doc) Allison, general chairman.

Equal tax on substitute for tobacco

Congressman John C. Watts, Sixth Congressional District of Kentucky, has introduced a bill providing equal taxation on cigarettes made from tobacco and those made of substitutes.
Congressman Watts, a member of the House Committee on Ways and Means, which has the responsibility for initiating legislation, in introducing the bill, stated "It is basic to all of our tax laws and to the American sense of fair play that our tax laws apply equally."
This legislation expires this year and Congressman Watts follows introduction into the market of cigarette-like smoking devices which are advertised as containing 'no tobacco'.
Congressman Watts emphasized that it was not the intention of the bill to apply the tax to any smoking devices manufactured by pharmaceutical and drug companies for medicinal purposes only. The bill, as introduced, amends the present definition of cigarettes, which reads:
"Cigarette' means any roll of tobacco wrapped in paper or any substance other than tobacco"
Congressman Watts pointed out that this language was included in the "old definition" of cigarettes, which applied until recodification of the tax laws in 1954.
