IS OUR CITY GEARED FOR INDUSTRIAL PROGRESS?
 The nation's population growth, increased purchasing power, new techniques and modern industrial equipment will continue to expand at a rapid clip for new plants and equipment for some years to come.
 Where manufacturers establish new plants depends on many factors, which vary from industry to industry. Some factors such as location, markets and raw materials have been the corner of the community to expand or manufacture are definitely matters of community action.
 Our community is ready for industry and can expect to realize its potential growth potential.
 * There is a broad occupational outlook for new plants and equipment and equipped with the skills to meet industry's many questions.

Does "Revelation" Really Foretell our Future?
 Since the beginning of time, man has searched in vain for the secret of God's will. The Bible, the Koran, and other holy books have been studied and interpreted, but the secret remains hidden. Now, a new revelation has been discovered, one that promises to bring peace and harmony to the world. This revelation is the key to understanding the future and the secret of God's will. It is a message of hope and redemption for all who believe in it.
