Henry Carter

Mrs. Frank Simons, Carlisle, received word Friday of the death of her nephew, Henry Carter, at the Veterans' hospital in Vallejo, Calif., where he had been confined for the past ten years.

Highlighting the Lesson-Sermon entitled "Christian Science" is the Golden Text from I Peter (1:25): "The word of the Lord endureth for ever. And this is the word which by the gospel is preached unto you."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The time for thinkers has come. Truth, independent of doctrines and time-honored systems, knocks at the portal of humanity" (vii: 13-15).

Among the Bible passages will be this verse from Isaiah (50:4): "The Lord God hath given me the tongue of the learned, that I should know how to speak a word in season to him that is weary: he wakeneth morning by morning, he wakeneth mine ear to hear as the learned."

American Republic to conduct drive

An important announcement on another page of this issue of The Carlisle Mercury gives detailed information concerning the Hospital & Surgical protection which will soon be available to residents of this county.

The American Republic Insurance company, with home office in Des Moines, is the author of the Hospital & Surgical program to be introduced to residents of the county.

This plan of protection against the expense of hospital and doctor bills has been fitted residents of one or other communities. American Republic is now in its twenty-ninth year of service and this country has been selected as one of the counties in which to offer this Hospital & Surgical program.

The protection has been widely endorsed for its liberal coverage for hospital and surgical bills. Many residents of this state have received benefits for hospital and doctor bills incurred because of its operations.

Since a high percentage of residents require hospitalization every year, a need for a better plan of hospital and surgical protection is indicated. It is expected that participation in the program here will be extensive. The American Republic plan is well known and has achieved popularity.

One of the most effective means of combating socialized medicine is the ever increasing number of families who are protecting themselves by participating in a voluntary plan of hospital and surgical protection. Many authorities believe that the American people most especially those in the midwest, want to choose their own plan of protection against hospital and doctor expenses, rather than be forced into a system of government controlled medical or hospital care.

The announcement carried elsewhere in this issue will give residents of this county an opportunity to participate in such a voluntary program providing protection against hospital and surgical expense. It is pointed out that families living in the rural areas will be contacted during the next few weeks and they too, will be given an opportunity to avail themselves of this protection.

Many more farm families require hospitalization than city residents because of accidents on the farms. Usually farmers do not have the opportunity to obtain adequate hospital and surgical care because they are self-employed and the benefit of an industrial group plan is not available to them.

According to the company officials, the response to the American Republic & Surgical plan of protection has been enthusiastic in other localities.

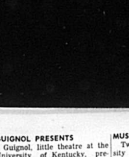
How Well Do You Know Your America?



Point Pleasant, West Virginia marks the spot where a bloody page from the days of our nation's struggle for freedom was recorded on a point of land shaped like an Indian arrowhead.

In the 1700's Chief Cornstalk of the Shawnees and the white man, was leader of the fierce Shawnee Indians in a land rich in wealth and hunting. England's efforts to prevent further colonization of western Virginia, the Governor, Lord Dunmore purchased two tracts of land in the heart of Cherokee hunting grounds. Settlers were aroused, but it was not until a group of drunken whites murdered the family of Chief Logan that open conflict broke out.

Dunmore's army was camped at Point Pleasant. Early on the morning of October 10, 1774, the great Shawnee and his painted warriors crossed the Ohio and approached the point between two waters. The surprise attack, from two sides, was destroyed when dove hunters spotted the war party.

The Indians were defeated—at the cost of one-fifth of the colonial army—and the battle broke the back of the Indians on the Ohio Valley.
