Even better than money in the bank--

You can hardly beat a big freezer full of food for giving you a sense of security and well being. There, at your fingertips, convenience for meal-planning and preparation, it all you need for many meals for many months -- with all women's goodness sealed in the fine freshmen and flavor in January. You'll save money, too, with a freezer. Seasonal low prices give you a chance to save -- and if you have your own goods, you'll save even more. Yes, a big freezer full of food is almost as good as money in the bank -- but its savings will help you put money in the bank.

3 pounds a day is all you need to keep frozen foods the freshest possible. This is the cost of a pound of meat with only low electric rates.

By a modern electric freezer. See any electric appliance dealer. KENTUCKY UTILITIES COMPANY
