perative production of sugar, stake is quite colorful. Usually created by narrower hands of bread and black trip. See you saw it in The Mercury

TODAY'S meditation

THE WORLD'S MOST WIDELY USED ORIGINAL GUITAR

Read Matthew 5: 43-48
And he went a little farther, and fell on his face, and prayed.

What if Jesus had not gone that little farther in obedience to His Father's will? What a difference in world history and all that followed. He himself "went a little farther" even than the point where he fell on his face. Jesus had not gone that little farther in obedience to His Father's will? What a difference in world history and all that followed.
