## Trick or Treat thru UNICEF

Again on this Halloween the children will be out on the "Trick or Treat for All the Children" for UNICEF (The United Nations Children's Fund). Last year Carline and Nicholas County gave \$40.00 to the children of refugees, children who are helping children who are sick with no doctor or medicine to cure them. When I was in the New York, as I walked up the top of the Mount of Olive, I saw children like these. They were living in shacks, in tents, and caves. There was no way for them to make a living, or for their parents, to provide for them. I saw the United Nations trucks deliver-

## Killing frost strikes Saturday night; Veach elected High Priest of R.A.M.

Thursday, October 19, 1939

Another freak of nature caused by the warm weather of this fall is reported by Dr. T. H. Veach, a green group of trees in the yard of his home near town in bloom last week. An appraisal was made of the flowers and the findings were submitted to the federal court, in which proceedings have been instituted to condemn the lot as a site for the post office building. Work has been completed on Rich Foyan's of Bourbon court-

ing the milk, the medicine and other things that made it possible for the refugees children to live. They could do this because you and I and people in 18,000 communities in America took part in THICK OR TREAT FOR ALL THE CHILDREN last Halloween and raised \$1,250,000.00 by giving pennies to the youngsters who appeared all dressed up at our doors with his badge or marked UNICEF container who appeared all dressed up at our doors with his badge or marked UNICEF container.

There will be a century of railroad history riding with the L & N on the anniversary of the road's 100th Anniversary Special on October 27. The train will be a special excursion to celebrate the centennial of the first through train between its terminals in Louisville, Ky., and Nashville, Tenn.

It is a unique ride that will be three days shy of the full 100 years since the first train on October 27, 1839. The Saturday train will be a special excursion to celebrate the centennial of the first through train between its terminals in Louisville, Ky., and Nashville, Tenn.

Some of you have driven over the Blue Ridge Parkway in North Carolina and the Skyline Drive in Virginia. There are no such highways in Kentucky. The National Park Service, which is active in preserving America's wilderness frontier, should be interested.

MORE POSITIVES: Such a road would bring visitors to such spots as Blue Lick State Park, Carter Caves, the area near beautiful Kinnickinnick Creek and the upper stretches of its meandering Licking River.

Such a project is, of course, a long time in the future, but Kentuckians can start thinking about and making plans to get national park officials looking into the matter.

WASHINGTON NEWSMAN: A bill to build a road from Ken- tuckians is appearing in the House of Representatives. It is sponsored by a veteran Kentucky politician leader, in creating the suggestion club been for that metropolitan area.

## RAILROAD FEATHERBEDDING: \$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads—pay for work not done or not needed—is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fire to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads act for a fair day's work for a fair day's pay.
