Death has again visited our little community and taken one of our good citizens, Jerry Irvin. Jerry as we know him had lived his entire life in this section of Nicholas County and leaves many friends as well as his family to mourn his loss. He is survived by one brother, Will Irvin of Oklahoma and a sister, Miss Edna, who lived with him and who had a faithful care for him during his illness. To Edna and his niece and nephews we extend our sympathy in this hour of sorrow. Mrs. Clay Helman, Mrs. John

CONCRETE
can save Kentucky \$20,200,000 on its new interstate Highways in 20 years!

A study of Highway Department records for the 1938-1939 season reveals that Kentucky alone has lost over \$20,200,000 in concrete that has not been used.

The new concrete system applied to the new interstate highways, 25 percent of the original construction cost, is now being used on a grand total of \$20,200,000 on the State's highways.

Remember, too, while the Federal Government pays 95% of the original construction cost, it is the contractor who pays the balance.
