YOUR CITY CLERK SAYS
Next month, if you get more than one bill for gas or water,
they will all come in a single envelope.
The idea is to save about half the postage every month
on 1,000 cards to make it easier on the postman, to keep your cards
in one place, and to help you find them in your reticule or pocket when you go to the
office—and there might have been a sneaking idea that they were all together.
