YOU DRAW DIVIDENDS

from every business enterprise in the community where you live

... you would probably give him ALL of your popcorn business ... you might even try to influence other neighbors to take up popcorns ... and to buy it too.

Actually, you DO share in the profits of EVERY business in your community, because a BIG PART of the gross margin on every local business transaction goes toward the support of those who benefit YOU and everyone else who lives here.

Such as healthful, cheerful, neat and clean, and pollution protection, just for mere popcorns as well as many other services.
