### Keep Safe—Always!

Insurance can make up for the losses resulting from an accident. Accidents can be prevented. Stay safe, keep your car safe, be safe in the safe way. Keep safe. Not just for a day, a week, but always!—Contributed.

### Eye Openers

A spokesman for the Citizens Public Expenditure Survey has pointed out some tax facts which should be eye-openers of policy-makers.  
Here, one if you work 40 hours a week and earn \$4,500 a year you spend more than working for the tax collector than you do for your employer.  
Here, another if the federal government does not cut its tax and social security debts, in the next 30 years we will pay taxes for interest charges equal to the \$200 billion principal of the debt—and still owe it all.  
Waste and unnecessary spending by government agencies, which amount to \$4.5 billion of us—even the so-called "common man" for whom the politicians wave.
