Opening selections from the Bible will include this verse from Ezekiel (40: 9): "Remember the former things of old: for I am God, and there is none else; I am God, and there is none like me."

A correlative citation to be read from "Science and Health with Key to the Scriptures" by Marry Baker Eddy States (331: 18-26):

"God is individual, incorporeal. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind."
