CHRISTIAN SCIENCE

The life-preserving power of spiritual understanding will be set forth at Christian Science services Sunday in the Lesson-Sermon "God the Preserver of Man."

Inspiring experiences of Abraham, Joseph, Moses, and Christ Jesus will be related in the Scriptural readings.

Speaking of Abraham, a citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (579: 12): "This patriarch illustrated the purpose of Love to create trust in good, and showed the life-preserving power of spiritual understanding."

The Golden Text is from Ephesians (2: 8): "By grace are ye saved through faith; and not of yourselves: it is the gift of God."

PRESBYTERIAN CHURCH

W. R. Raborn, Minister

The Church-Going Family Is The Happier Family.

City council holds

(Continued from page 1)

garage of concrete block; W. C. Talbert, add room to his property on Mulberry street, occupied by his son, R. L. Talbert; A. V. Allison, Walnut street, build a patio.

Babe Ruth League Donation

Council on the motion of William Harper, seconded by Emery Hollar voted $25 donation to the Babe Ruth baseball league fund.

Council was agreed that it would be impossible to establish a line on Mulberry street in a boundary dispute and Mr. Womack, acting city clerk was advised to notify parties in disagreement that their desires came under the classification of a civil suit.

Houses Assigned Numbers

Council assigned numbers to houses on Second street beginning with the home of Mrs. A. L. Vinson, number 301; Claude Darrell 303; Lester Green 305, W. L. Throckmorton 307; Robert Trussell 309; Eugene Gaunce 311, David Galyon, Sharon Drive, 320. Residents will be sent cards notifing them of their numbers. This action was requested by the post office department for letter carrier delivery.

Muddy Water

Councilman Emery Hollar brought to the attention of the city governing body, that he and other residents of Dorseyville had to contend with considerable sediment in their drinking water. Oliver Vice, water works superintendent, was advised to flush water lines in that area until the situation cleared up.

Sand For Filter

Nineteen tons of sand for the water works filter was ordered purchased. One unit of the filteration plants has been repaired.

Bills Paid

With the exception of one bill in the amount of $4, all bills were ordered paid as presented on motion by Councilman Hollar, seconded by Mr. Smoot.

Mayor Power dismissed the council at 9:15 p.m.

State 4-H

(Continued from page 1)

What Is Expected of Me?" at the Thursday night program. Friday morning, Cindy Rupp will talk to the 4-H'ers about "You and Your Record."

Christian Church Bible school June 13

The annual vacation Bible School of the Carlisle Christian Church will be held June 13-24, from 9-11:30 each day. The theme of the school this year will be "The Teachings of Jesus." All parents who wish to enroll their children are requested to bring them to the Church Saturday, June 11, for registration at 2:00 p.m. A parade will follow at 3:00 down main street of town. The ages this year will include all children 2 to 17. The school will include Nursery, Beginners, Primaries, Junior, and Teenagers. It will be under the direction of the Minister, Lanis E. Kineman, assisted by Mrs. Frank Lyman and Mrs. H. F. Marshall. Mrs. Maxwell Burden will direct the music with Mrs. William Caldwell and Miss Martha Morgan Anderson as pianists.

Teachers and assistants are: Mrs. John Boone, Mrs. Roger Banta, Mrs. Eugene Clinkenbeard, Mrs. Innis Ockerman, Mrs. Frank Lyman, Mrs. H. F. Marshall, Mrs. Paul Smoot, Mrs. Robert Boothe, Mrs. James Neal Wood, Mrs. Robert Anderson, Mrs. Charles Faye, Mrs. Robert Hamilton, Mrs. Mac Berry, Mrs. Roger Curtis, Mrs. Jerry Cameron, Mrs. Laura Pumphrey, Miss Judy Pickett, Miss Edna Huddleson, Miss Mary Frances Fisher, Miss Lavina McFarlind, and Miss Carolyn Smoot.

Mrs. William Small will serve as transportation chairman. Parents who cannot enroll their children on Saturday should contact Mrs. Small to make certain that their children will be picked up on Monday morning.

Mrs. Luther Thompson is chairman of the refreshment committee. Children from the Mt. Zion and Blue Licks Churches will join with the Carlisle Church in the school and the minister, Curtis McMillan, will serve part-time on the faculty.

The school is open to all children of the county who desire to attend.

Calves — Receipts 98. Top Veals $27.00; Medium 23.50-26.40 Heavy Top 20.00.

Total Receipts 219.

Minimum wheat support to be $1.90

The basic minimum price support rate for 1960-crop wheat in Nicholas County will be $1.90 a bushel, H. S. Vice of the county Agricultural Stabilization and Conservation office announced today.

This rate is based on the minimum national average wheat support of $1.77 a bushel for the 1960 crop announced last summer. Loans will be available at the minimum rate early in the price-support period. The final national and county rates will be determined on the basis of supply and parity figures as of July 1, and any loans made at the minimum rate will be adjusted as necessary at that time.

In addition to the county rate, the ASC office now has information on minimum rates for support wheat stored in terminals. Farmers needing terminal rate information may obtain it at the county office in general, the terminal rate exceeds the county rate by the amount of handling and freight charges necessary to get the wheat to the terminal.

As in previous years, the price of the 1960 wheat crop will be supported through loans on farm- or warehouse-stored wheat and through the purchase of wheat delivered by producers under purchase agreements. Loans and purchase agreements will be available from harvest through January 31, 1961. The loans will mature February 28, 1961.

To get wheat price support, Mr. Vice points out, a farmer must have complied with his farm's wheat allotment or his wheat.

In general, the basic support rate is for No. 1 wheat. Premiums and discounts are applied to determine the rate for other wheat which is of other grades or has other quality factors. There is a discount of 20 cents a bushel for certain previously announced varieties which have inferior milling or baking qualities.

The county support rate, Mr. Vice said, will be adjusted for any future freight rate increases that may occur during the 1960 period of price-support availability.

Nonrecourse price support on 1960 production of wheat will be subject to a $50,000 limitation as required by a provision of the 1960 Agricultural Appropriation Act. A producer will be exempt from the limitation on nonrecourse price support of his 1960 acreage of wheat is reduced at least 20 percent below his 1959 acreage. Loans will continue to be made in excess of $50,000 on a recourse basis under which the borrower agrees to repay any amount over $50,000 by January 31, 1962.

John Jenks gets award

CUMBERLAND FALLS STATE PARK, June 3 Kentucky's most coveted award in agricultural journalism was presented here today to John Jenks, farm editor of the Lexington Herald.

Jenks received the Kentucky Farm Bureau Federation's first annual communications award for newspaper and magazine writers, presented at the annual awards dinner of the Kentucky Press Association which has been meeting here this week. Presentation was made by H. C. Fields, Louisville, head of the Information and Public Relations Division of the Farm Bureau.

The veteran farm reporter and editor is one of the best known figures in Kentucky farm circles. He has worked for the Lexington Herald for the past 18 years, writing a popular column called "Strip-tings and Shearings." In his column, Jenks writes about the events of importance in organized agriculture, and stresses the achievements of rural and farm leaders—both young and adult. Before coming to Lexington, Jenks worked for ten years as farm editor, sports editor, and city editor of the Columbus, Georgia Enquirer.

In his many years of covering the farm scene in Kentucky and at major agricultural events throughout the country, Jenks has received some 44 awards, 22 of which have been presented by the Future Farmers of America. He and his wife reside in Georgetown, where she is home demonstration agent for the Cooperative Agricultural Extension Service. John is a long-time member of the Clark County Farm Bureau and Mrs. Jenks own a farm near Winchester.

Jenks was selected for the award by the Kentucky Farm Bureau Board of Directors after his selection as a finalist by a committee of the Farm Press and Radio Association of Kentucky. He had been nominated by a total of 12 county Farm Bureaus.

The Mary Ingles Highway in Campbell County was named after the first white woman in Kentucky who was captured by Indians, made her escape at Big Bone Lick and later made her way by the route of the highway to Virginia.

The observation point on the Pinnacle near Middlesboro, Ky. offers an excellent view of Cumberland Gap. Near the Pinnacle is a chimney rock, one of many similar stone formations in eastern Kentucky.

Some of the nation's largest strip mine operations are centered around Madisonville and Central City, Kentucky.

A fishy odor in clothes or fabrics with easy-care finish is caused by faulty application or curing of the finish. Such garments or fabric should be returned to the retailer.

All parts of the poison ivy plant — leaves, roots, bark, stem, and berries—can cause skin rash. Even when the plant is burned, smoke particles on the skin can cause irritation.

On June 7, 1769, Daniel Boone first saw "the beautiful levels of Kentucky" from the heights of Pilot Knob in Powell County.

SHHHHHHH-H-H-H . . . Approaching the outskirts of a small town, a motorist stopped to use an outdoor telephone booth. He was startled to read this sign on the door: "Please don't use this phone booth until the eggs we hatched!" When he peered into the booth, our friend saw two tiny eggs sitting inside a ready-made hummingbird's nest —the coin return slot. With an understanding grin, he returned to his car and drove on to the next telephone booth.

GOING PLACES and doing things seems to be on everybody's mind now that summer's here. But planning the perfect vacation takes some headwork. One thing I'd like to remind you of before you hit the road—Long Distance calls can certainly make traveling a lot more carefree. For instance, call ahead and be sure of reservations where you want to stay. Coming back—you can save time by booking your overnight stops before you take to the road. And while you're gone, Long Distance is a good way to keep in touch with home or office—make sure things are O.K. The cost is small for Long Distance convenience. After six and on Sundays, even smaller.

Tobacco States No. 2 Transplanter Solution

Protect Against Wireworms!

The Transplanter Solution establishes a zone of protection against wireworms around the roots of newly set plants. This allows the roots to develop and new plants to become established.

Be sure to protect your Tobacco Plants and Tomato Plants with Tobacco States Transplanter Solution.

Also Plenty of 10-20-10 Liquid Fertilizer
