A TRIBUTE

It has pleased the Almighty God in his infinite wisdom to send the Angel of Death into our midst and call two of our faithful members, Mrs. Ida O'Neal and Mrs. Beulah Dollins to that beautiful land beyond the sunset. Where as our W.S.C.S. circle has lost two faithful members the church and community good and loyal citizens, each family a loving and devoted wife and mother, be it resolved that we extend to their families our heart felt sympathy in their bereavement and commend them unto Him who doeth all things well unto one who can give us comfort in our sorrows, the One who knows full well how to ward a well spent life.

Be it further resolved that a copy of these resolutions be made a part of the minutes of the Rhoda Gillispie Circle of the Methodist W.S.C.S. and a copy sent to the families and a copy to the local newspapers. Emma Insko, Bertha Marshall, Fannie R. Snelling. 6-16-1tcg

Immediately we were friends. In spite of my scanty knowledge of Spanish, we visited all the way to our destination. She pointed out places of interest along the way and told me about her church and her family.

I think the Holy Spirit directed my humming of that almost forgotten song, so that I might experience one of the joys of following Christ—fellowship with another of His followers.

PRAYER: O Father, direct us today to speak some word that will unite us in fellowship with another follower of Christ. Strengthen us together in faith and love, in Christian joy and fellowship. In Christ's name. Amen.

Garrett announces store opening at new location on Main street

Believing strongly in the future of Carlisle and its trading area, Frank Garrett, a Lenox County native, but a resident and business man in Carlisle since 1936, announces this week the grand opening of Garrett's Furniture Company at its new location on West Main street.

Mr. Garrett has been in business in Carlisle for 24 years. Sixteen of them spent as manager of Lerman Bros. In June 1952 he purchased the Modern Furniture Co. which he operated under the same name until January 1960.

The new location of the store, old Giffin Manufacturing Co. quarters, was purchased by Mr. Garrett in 1946 and 1959. It has a total of 17,000 square feet of floor space and has undergone extensive remodeling to make it one of the finest stores in this area.

Your attention is called to his advertisements on pages two and three of this issue of The Mercury. Many gifts and favors are offered.

Printing school at Painstville is re-opened

The Carlisle Mercury is pleased to announce the immediate re-opening of the Kentucky Press Association's school of printing at the Mayo Vocational School, Painstville. Applications are now being received by Mr. George Ramey, director of the School. The course in printing or linotype operation offers a well-paying job to qualified graduates, even before they finish the course.

It is a wonderful opportunity for a young high school graduate between the ages of 16 and 21, to learn a trade that offers immediate and life-time employment. Every day, there are demands for qualified operators, floor men, and pressmen, as many of the old-time printers are reaching retirement age.

It is also an opportunity for the willing worker to learn a trade at a very low cost. Where else could you find excellent instruction with the latest and best printing machinery and equipment for the extremely low cost of $39 a month which includes tuition books, board

MH-30 discussion is conducted

A tobacco growers meeting held last Thursday night at the court house heard Thurman Measles, vice president of Tobacco States Chemical Company and Bill Jones, local representative, present the latest information concerning the use of many farm chemicals and MH-30.

Mr Measles pointed out that applying MH-30 for tobacco sucker control is not a difficult operation, being no more complex than the use of other chemicals by the tobacco grower. Three basic points were mention for use of the chemical.

First wait until tobacco is in full bloom before topping and spraying the chemical: second, spray at the rate of one pint MH-30 per thousand plants using at least 20 gallons of water per acre, and third, harvest only when the tobacco is fully mature.

A film showing the control and prevention of damage to corn and tobacco crops by some common insects found in this area was shown also.

Refreshments were served and Mr. Measles and Mr. Jones answered many questions of those attending.

16 reporters begin burley measurement

Nicholas County's more than 1020 tobacco farms will begin receiving visitors soon, it was announced today. 16 reporters chosen on the basis of their ability and willingness to do careful and accurate work have been specially trained for acreage measurement work and are now beginning the summer job of checking crop acreages on allotment farms.

Cooperation Urged

In announcing the start of 1960 measurement work, H. S. Vice, ASC Committee chairman, urged cooperation of farmers in assisting the reporters with measurement work. "Producer cooperation", he said, "helps us do the kind of work that is necessary to make ASC programs operate efficiently, effectively, and economical."

The goal is to have original measurements completed by August 1 and all excess destroyed before August 20. Since most producers destroy the excess acreage and avoid payment of penalty. Mr. Vice encourages producers to file for destruction as soon as possible so the excess can be destroyed before maturity and the last minute rush just before harvest.

Five injured in U. S. 68 crash

Five young men, returning to their homes in Fleming county Sunday afternoon after playing softball in Robertson county, were injured when their car failed to make a curve on U. S. 68 near the Fleming-Nicholas County line.

Kermie Gulley, 22, Wallingford, Route 3, and Billy Newsome and A. J. Hardy, both of Mason Mills were taken to Nicholas County hospital in Maysville where they were admitted by William Hinton, 16, and James Gulley, 20, both of Fleming county were taken to the Nicholas County hospital for treatment.

Child injured tractor mishap

Thomas Deane Barnes, 3, son of Mr. and Mrs. James Barnes of the East Union road, was treated at the Nicholas County hospital Sunday for injuries suffered when a rear wheel of a farm tractor ran over him.

The child was riding on a tractor operated by his brother, Terry, 12. He fell off when the vehicle struck an obstruction. A rear wheel of the tractor ran over him and his father, who was nearby, grabbed the little boy in time to prevent a harrow being pulled by the tractor from running over him.

No bones were broken and the boy returned to his home Monday.

Baptist revival at Ellisville

Rev. Harry Welch, pastor of Mt. Pisgah Baptist Church at Fairview has scheduled a revival meeting at the old Ellisville school house, where he is striving to establish a church.

The evangelist for the meeting is the Rev. U. R. "Red" Turner, former Radio and TV Entertainer who is now engaged in the full time Gospel Ministry of the Lord.

The Meeting begins Wednesday, June 22 and will continue through Sunday, June 26. Services begin each evening at 7:00 p.m.

You are invited to join in the support and the establishing of this new Baptist work.

Thomas Abraham was able to return home Saturday, after successful surgery last week at the St. Joseph's hospital, Lexington.

Schools may get $78,000 in funds from state's new revenue program

Carlisle Independent schools may receive as much as $18,000 in additional funds from the state in 1960-61 school year and Nicholas County schools as al much as $60,000, Superintendents Tebay Rose and Raymond J. Wesley said today.

In addition, the two district's school children will benefit handsomely from the state government's full financing, for the first time, of the free textbook program.

The extra benefits for education are made possible by the state's new revenue program which includes the sales tax, effective July 1.

The teachers of the Carlisle Independent District will receive a substantial increase in salary for the coming year. A teacher with an A.B. Degree will receive approximate increase of $800. Other increases in salary will range up to $1,100.

More Free Textbooks

The new revenue program will provide much needed relief in location in the districts," the superintendents said. They added that the additional funds would enable the school district to provide better transportation for pupils, more free textbooks, more classroom space and better equipment, a broader course of studies and higher instruction salaries.

Wendell P. Butler, State Superintendent of Public Instruction, said in advising local school districts of the funds, "Our legislature has done well in carrying out the will of the people, who demanded better schooling for Kentucky's children."

Because of the legislature's increase in appropriations for free textbooks, every child in grades one through eight in the public schools will be given all the necessary books for the first time. Also, for the first time, free textbooks will be provided to high school students in certain areas.

Based on 1959-60 figures of the State Department of Education, indicate that Carlisle could possibly receive $58,000 and Nicholas County $166,000 in state funds under the Minimum Foundation Program for the common school year. This compares with $40,878 for Carlisle and $105,366 which the county school district received in the 1959-60 school year.

Producers must apply for 'new farm' wheat allotments

July 1 is the last date for accepting applications for "new farm" allotments for the 1961 winter wheat crop, according to H. S. Vice, ASC Committee Chairman.

To be considered for an allotment on a farm which had no wheat seeded for harvest for any of the years 1958, 1959, and 1960, but on which wheat will be seeded for grain for 1961, the farmer must apply in writing to his county ASC committee. Application forms are available at the county office for use in filing such requests.

File Before July 1

While an application form will be mailed to a farmer upon request, the farmer must complete the form and file it at the county ASC office on or before the closing date.

Factors to be considered by the county ASC committee in determining the eligibility of applicants for "new farm" wheat allotments will include the tillable acreage, type of farm; the operator's farming system; the extent to which his livelihood depends on his farming operations; and the reason wheat has not been planted in any one of the three previous years.

Chairman Vice emphasized that no request for a new farm allotment will be considered unless it is made in writing on or before the closing date.

ATTENDING TEENAGE 4-H CAMP—These six Nicholas County teenagers are attending teenage 4-H camp this week at Camp Bingham. They are: Sue Irvin, Rose Ann Simons, Martha Raye Tincher, Joe Hardin, Raymond Wesley, Jr., and David Wagoner. Teenage Camp is a camp held annually for older 4-H club members who will help make the 4-H program work in their county more successful through their leadership. The 4-H members who attend this camp will be challenged to put their best foot forward during the three days of training. To make the camp enjoyable, a well-rounded recreation program is worked into the schedule.
