**Save dollars instead of pennies**  
with an **ELECTRIC Home Freezer**

Seasoned low prices give you a chance to save dollars instead of pennies when you buy in quantity. And, if you grow your own, you can even more. A freezer means less shopping... less cooking... better food costs and a greater variety of foods. Enjoy summer days all winter, which means better eating... happier living for the family.

Save time and money with a combination **ELECTRIC Refrigerator-Freezer**

A modern electric refrigerator-freezer gives you the convenience of a refrigerator and a freezer in one compact, space-saving unit. Plenty of room for fresh and frozen foods in two separate compartments.

And, here's a suggestion! Put your old refrigerator back in operation or lease it.
