Every family of the church is urged to come and bring a covered dish. The Broadcasters class will be in charge of serving. The Public is also cordially invited.

CHRISTIAN SCIENCE

Some fundamentals of the prayer that affords protection from evil of every nature will be brought out Sunday at Christian Science services.

The Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" will include the following verse from the Bible (Isaiah 41: 10): "Fear thou not; for I am with thee: be not dismayed; for I am thy God. I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this (4: 3-5): "What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love, and good deeds."

The Golden Text is from Romans (16: 20): "The God of peace shall bruise Satan under your feet shortly."

Soil sermon on Stewardship

A Soil Stewardship sermon entitled "Paying The Rent" by W. R. Raborn, minister of the Carlisle Presbyterian Church and president of the Carlisle Ministerial Association, will be broadcast over the Paris radio at 2:00 p.m. Friday, May 27. This activity is done in cooperation with the Nicholas and Bourbon County Soil Conservation Districts.

Ministers, church workers, SCD Supervisors, and Soil Conservation Service personnel from Nicholas and Robertson Counties met at the SCS offices at Post Office in Carlisle last week in the promotion of Soil Stewardship Week, which is a nation-wide observance and lasting through this week, May 22-28. "The Earth is The Lord's", a movie, was shown to the group.

President Eisenhower has referred to the period as one for special observance.

Kentucky Governor Bert Combs has issued a special proclamation designating May 22-28 as Soil Stewardship Week. He called upon the Commonwealth and requests all persons and religious organizations to offer supplications to God for a bountiful harvest and to ask for continued blessings from the fertile fields.

Wheat disposal deadline June 1

Chairman H. S. Vice of the Nicholas County Agricultural Stabilization and Conservation Committee today reminded wheat growers that the deadline for disposing of excess wheat is June 1, 1960. That is the date by which the grower who wishes to comply with his 1960 wheat allotment must dispose of any excess acreage.

The grower who brings his acreage for harvest down to this allotment, Mr. Vice said, may market all his wheat without penalty, is eligible for wheat price support and Conservation Reserve payments and gets credit for acreage diverted from wheat in computing future allotments.

Farmers who have any questions about excess wheat disposal are urged to get in touch with the county ASC office for further information.

'60 Barley support price in Ky. 82¢

Barley of the 1960 Crop will be supported at 82¢ per bushel in all counties in the State according to Williams O Gilreath, Chairman of the Kentucky State ASC Committee.

The basic rate is for Grade No. 2 or better barley. It is at discounts for grades below No 2 to determine support prices for individual producers. Discounts are the same as under the 1959 support program. They range from 3 to 10 cents per bushel.

Terminal rates are available at the county ASC office for farmers who wish to store their grain in a terminal elevator. The terminal rates include the freight and handling charges needed to get the barley to the terminal market.

As in past years, the price of barley will be supported through loans or purchase agreements on farm-stored or warehouse-stored grain. Support will be available from harvest time through January 31, 1961. Loans will mature on February 28, 1961.
