Five percent population increase shown here

Carlisle has a population of 1601 according to an advance report of the final figures of the 1960 census to be published by the Bureau Of The Census within the next few months. This is an increase of 81 persons and represents a gain of a little over 5%. This is ahead of the growth of the state as a whole which had a 2.2% increase in population. However, as we all remember, this small increase was not sufficient to keep us from losing one seat in the House of Representatives. We in a to look forward to the 1970 census for a more promising report.

Harrison county man seeks State Senate election

Much depends on Ned Jennings

Ned Jennings, former Nicholas County basketball star, will help determine the degree of success of this year's University of Kentucky basketball team. Hampered by injuries the past two seasons, Jennings should have his best year this time out. If so, the always dangerous Wildcats could be contenders for national honors. Kentucky has a history of fine centers and we are sure Ned will be trying to uphold this tradition this year.

NCHS music class band members take trip

by Judy Caswell

Twenty-four members of the Nicholas County Junior and senior band and students of the General Music class enjoyed a once in a lifetime thrill on Friday, October 28th when they visited the Coldstream Guards and the Queen of England's Scottish Highlanders gave a magnificent performance at the Kentucky State Fairgrounds from four o'clock to six-thirty p.m.

The Color Sergeant of the Coldstream Guards, George E. Curtis, led the English band in a series of numbers such as The Star Spangled Banner, God Save the Queen, Pomp and Circumstance, Star Dust, Green Sleeves, and many others.

The Cameron Highlanders consisted of bass and snare drums and the famous bag pipes. They were led by Evan Macrae, pipe major, and Tom Pentland, drum major. The Director of music was Lieutenant Colonel Douglas A. Pope. Members of the Cameron Highlanders did a display of Highland Dancing and two members of the Coldstream Guards played a xylophone duet.

Drummers of the Cameron Highlanders were the tallest metal tiger and leopard skins over seen uniforms. They were, of course, wore flashing kilts of red. Members of the Cold Stream Guards proudly wore uniforms of red and black

Queen Victoria presented on the Highlanders the title of "Queens Own." This is the only regiment to be so honored by her during her long regn. The two bands consisted of 100 Irish, and Scottish members. They ended with Auld Lang Syne After fifteen minutes of saying farewell, Lieutenant Colonel Pope smartly saluted, turned, and marched off.

We were happy to have Mrs. Howard Irvin as chaperone I think the Junior girls wouldn't have minded staying at Shelby ville. They really deserve a medal for directing traffic from the back of the bus We had our timing a little mixed up, so we didn't arrive back at Carlisle until 10 45. but no one seemed to mind. Those who did not attend don't know what they missed and those who did will have a thrilling experience to tell their grandchildren

Hope held bonus suit settled soon

Governor Bert Combs expressed hope this week that a law suit against him and other state the veterans bonus would be settled as soon as possible.

"We are most anxious," he reiterated, "to get this thing moving. The checks are ready to be written."

Officials preventing payment of a bonus to veterans of the Korean conflict announced A decision must be made by the courts before bonds can be sold for bonus payments.

The suit against Combs and other officials challenges the constitutionality of a legislative enactment providing for payment of the bonus It was filed by two Bowling Green dentists, who contend that payment of a veterans bonus is a public purpose qualifying for state funds.

The Warren circuit court ruled against the dentists, but their attorney, Paul Huddleston of Bowling Green, is appealing to the Kentucky Court of Appeals Huddleston has until December 4 to file his brief but in a telephone conversation with Breckinridge agreed to file it within the week. The Attorney General could take 60 days thereafter to file a reply brief, but Breckinridge said his office would file within about three days.

The Attorney General said he would file a motion to advance the case on the docket and Huddleston will not oppose it. The two lawyers agreed that whoever loses in the Court of Appeals will appeal to the U. S. Supreme Court promptly.

Fishing top year 'round Sport in state

Frankfort, Dec. 1 — "Fishing is by far the most popular year 'round sport in Kentucky," reports the Kentucky Tourist and Travel Commission. One of the reasons are obvious is the Commonwealth's many fine lakes and over 14,000 miles of streams, second only to Alaska.

And during the winter months early spring Kentucky Lake is king in Kentucky lakes. The exciting sport of dangling a big hookful of nightcrawlers into the den of a lunker black bass is one that appeals to any angler regardless of season. Kentucky's five major lakes, with their brushy shorelines and rocky points, are ideal for the sportsman fisherman.

Ideal jigging conditions call for a jigging rod and reel to allow the fisherman to scull his boat about the lake, casting where the big largemouth and smallmouth lurk.

When Kentucky's lakes reach that murky state this winter many family outings will also grab their jiggole and a bucket of nightcrawlers and set out for a weekend of the most exciting fishing they ever enjoyed.

Kentucky's five major lakes which offer top fishing are; Kentucky Lake in western Kentucky. Lake Cumberland near Jamestown on Kentucky Highway's 35 and 55, Dale Hollow
