Hepatitis feared

(Continued from page 1)

fected persons may spread the disease to others several days before symptoms appear. The only cure is long bed rest and proper diet.

Temporary immunization can be achieved through injections of gamma globulin, but the current supply is insufficient for all contacts throughout the state. Last year there was only enough gamma globulin available to use in counties which reported cases of hepatitis in epidemic proportions.

The local health department cannot combat hepatitis without the full cooperation of all county residents. Every citizen in Nicholas County must assume the responsibility of reporting all inadequate sewage systems or polluted water and drainage facilities to the local sanitarian or health office. School superintendents principals, teachers, and parents should insist on cleaning up classroom, school rest rooms and playgrounds and should encourage the students' care for personal hygiene

the ball 10 yds. and then were penalized fifteen yards. Directly after this the Muskies were penalized fifteen yards and this put the ball back where it was on the 10 yd line. Carlisle ran 20 yards for the Cadets third T.D. But the P.A.T. was no good. King again kicked off with Compton receiving on the ten yd line and ran it back to the 23 yd line. Due to failure to gain a first down Carlisle punted and M.M.I. took the ball on the 47yd line Elbert King then ran 50 yds for the Cadets fourth T.D. The P.A.T. was no good. M.M.I. kicked off and Carlisle went over the goal line so the Muskies took the ball on the 20 yd line. The Muskies failed to gain a first down so the Cadets took over on the Carlisle 15 yd. line. Elbert King went across the line for the Cadets fifth T.D. The extra point was made by Don Hurst.

M.M.I. kicked off and Carlisle received the ball on the 45 yard line and ran it back 7 yds. The Muskies fumbled and the Cadets took over. M.M.I. gained one first down, were penalized 5 yds. and then Elbert King ran 25 yds. for his third T.D. and the Cadets sixth. The P.A.T. was made by Jim Myers.

In the last half excitment died down. M.M.I attempted five field goals and in the last quarter Johnny Fuller received a 30 yd pass from Floyd Bussell and the game ended.

Carlisle plays Georgetown this Friday night at home and I'm sure that the team and cheerleaders would appreciate it if you would attend PLEASE. See you then.

Death claims Dr. T. P. Scott retired Carlisle physician

Dr. Thompson Parks Scott, 82, retired Carlisle physician, a Mason and Ruling Elder in the Carlisle Presbyterian Church, died at 7 o'clock, Thursday, October 13, in the White Haven Home at Winchester after several weeks illness.

Native of Jerseyville, Illinois, he was the son of the late Rev. Joseph Morton Scott, pastor of the Carlisle Presbyterian Church for a few years before the turn of the century, and the late Mrs. Nancy Pickette Parks Scott.

Dr Scott was graduated from Carlisle high school in 1896 and later received degrees from Central University, Richmond, Kentucky and Miami Medical College, Cincinnati, Ohio He interned at the Cincinnati General Hospital and practiced medicine in Kansas until 1910 when he came to Carlisle. He was a member of the staff of the Nicholas County Hospital and of the Nicholas County Medical Association

Survivors include two brothers Robert M Scott, Milford, Ohio and James P. Scott East Lansing, Michigan a nephew, Robert Thompson Scott, Rochester N. Y., and a great niece Leslie Patrice Scott of Rochester (1 year)

Services were conducted at 2 p.m. Sunday at the Carlisle Presbyterian Church by the Rev. W. R. Raborn and the Rev. D. T. Brandenburg. Burial in the Carlisle cemetary. Pallbearers were C. Talbert, Brooks Henson, Allen Kerns, Morris Weldon, Custer Blair, and Charles Cox Attending Physicians were honorary bearers

Dr Scott served his home community faithfully and well, however, never neglecting his mother and sister to whom he owed a great debt of gratitude for the sacrifices they had made to enable him to attain his profession In his practice he earned the respect and confidence of Nicholas County citizens by his professional ability and his modest and sterling character His unassuming dignity his neat appearance and his ready response to friendly greetings will long be remembered by his many friends

In June, 1955 Dr Scott was honored by his colleagues and friends at a banquet at which he was presented a television set in recognition of his 50 years of medical practice. 36 of which were in Carlisle. Retired in 1959 he was honored by Daughters of Lodge No 63, F. and A.M. in the presentation of a gold fifty year membership pin.

Dr. Scott was married in middle life to Fanny Hardy Mathers, daughter of the late Dr. and Mrs. Mathers, long residents of the Mathers farm near Carlisle There were no children, and upon the death of Mrs. Scott in 1958. Dr Scott was left alone in the home and sister having died previously

Mrs. J. A. Standiford selected as Master Farm Homemaker

Mrs. J. A. Standiford, Route 1 Ewing, Ky., has been selected as Master Farm Homemaker of Nicholas County. She will represent this county as well as compete with other counties in District IV. The Kentucky Master Farm Homemaker will be recognized during Farm and Home week held on the Campus of U. of K. in January The Master Farm Homemaker program is sponsored jointly by the University of Ky Extension Service, The Ky Federation of Homemakers and the Ky Master Farm Homemakers Guild

Those eligible for the title must live on a farm with half or more of their family income derived from the farm

Mr and Mrs Standiford have lived on a 316 acre farm since 1936 Their farm is located on Lacking road in Nicholas County Their present home was completed Nov 1959 The Standiford family planned and waited several years before their dream was realized The education of their two children, Jerry and Jimmy and farm improvements were of primary importance Although the home was planned primarily to meet the needs of Mr and Mrs. Standford the children and grandchildren were considered The floor plan, 25 feet by 45 feet provides four rooms and a bath on the ground level an attic and a full size basement The Standfords wanted a home to accommodate their needs and one they could share with their friends

This brick home is planned for convenance and ease of maintenance. Adequate storage facilities was one of the first requirements. A wise homemaker realizes the importance of a convenient, cheerful kitchen, with a family eating area near.

The laundry facilities are located in the basement along with the food preservation equipment When the plans for the basement are complete the big fireplace will be the center of interest in the den.

Mrs. J. A. Standiford is a charter member of the Ellisville Homemakers Club and has served her club as an officer and Federation chairman. She has been a county officer and Federation chairman in the Nicholas County Federation of Homemakers She has also served on various county committees

As you can realize, Mrs. Standiford has given of her time.

Disciples of Christ open international Convention Friday

Christian Churches (Disciples of Christ) will open their 1960 International Convention at Louisville Friday, beginning a seven session decision on matters of Christian witness.

Delegates will look to their own inter-church problems as they move into the decade of the 1960's, a period which they have called "The Decade of Decision."

Speakers will bring other areas of Christian concern before the meetings. Among those to speak are Dr Ray G Ross, general secretary of the National Council of Churches, Dr James Robinson, minister of the Church of the Master and director of Morningside Community Center in New York City; Dr Albert Edward Day, Methodist minister and author. Dr Ian C. Barbour, physicist and professor at Carleton College, and Miss Marion V. Boyce, women's bureau director for the Canadian Department of Labor

This is the sixth convention to be held in Louisville. The last was in 1912.
