CHRISTIAN SCIENCE

How freedom from the bondage of sickness and sin can be gained through wholly spiritual means will be emphasized at Christian Science churches Sunday.

Readings from the Bible in the Lesson-Sermon entitled "Matter" will include Luke's account of the healing by Christ Jesus of the woman "which had a spirit of infirmity eighteen years" (Ch. 13).

One of the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (228: 20): "If we follow the command of our Master, 'Take no thought for your life,' we shall never depend on bodily conditions, structure, or economy, but we shall be masters of the body, dictate its terms, and form and control it with Truth."

The Golden Text is from John 16: 62): "It is the spirit that quickeneth: the flesh profiteth nothing."

Muskmelons are native of Iran and other surrounding areas south of the Himalayas. The oldest record of the fruit dates back to 2,400 B. C. in Egypt. The popular U. S. variety, the netted or nutmeg muskmelon, is commonly called the cantaloup. Although all cantaloups are muskmelons, not all muskmelons are cantaloups. Honeydew, Honeyball, Persian, Casaba and Crenshaw melons are all muskmelons.
