Legal opinion affects bonus

Major General Arthur Y. Lloyd, state adjutant general and bonus law administrator has called the attention of veterans to recent legal opinion upon the law.

General Lloyd had felt, from the wording of the law, that veterans might be paid the maximum $500 if they had any overseas service, providing they had enough stateside duty to make up the difference. But the opinion from the attorney general's office says the contrary.

The law provides maximum payment of $500 for any individual's service. A maximum of $300 is set for stateside duty. Payments are at the rate of $9 a month for stateside and $15 for foreign duty.

General Lloyd had thought it might be possible for a veteran to draw the full $500 if he had

Visual Aids Program set for Nicholas County

A countywide audio-visual aids program is underway in Nicholas County. The movement was started last year by Charles Wilson, principal of Nicholas County high school. He secured equipment and projectors purchased by the Nicholas County Board of Education for the three county schools made possible this year's cooperative elementary visual aids program.

At present the two elementary schools, Nicholas County grade and Moorefield, are planning a film schedule to coincide with considerable emphasis on story, 6-room home with electricity. Tobacco barn, crib, cellar, meat and poultry house.

TRACT NO. 2 Known as the Peggy place contains 113 acres. A large quantity of walnut timber, large barn.

TRACT NO. 3 Known as the Turley place contains 57 acres.

Tobacco base for entire place is 24 acres.

Following the sale of above land we will offer for sale the farm of Sam Barlow, Jr. This farm fronts on the Clay Walk Road and adjoins Tract No. 3 of the Barlow estate. It is known as the Rule and Kennedy place and contains 109 acres of strong producing soil, all in grass and readily cultivatable. Good fence and ample water supply. Tobacco base is 14.2 acres. Improvements consist of a 4-room home and a 5 room house, one small barn, one large barn and all other necessary outbuildings.

Early possession on all tracts. Lands will be shown by the agents. This is the opportunity for which you have been waiting.

THE Golden Years

By THOMAS COLLINS

AVERAGE WIFE WILL SPEND 8 YEARS AS WIDOW

THIS one is for the ladies. It is a collection of statistics on women in the late years of life, and while statistics as a rule make dull reading, I have an idea that the women who read this column, and also a couple of men, will be interested.

The statistics were compiled by a body that has a most unhappy name—the U. S. Senate Subcommittee on Problems of the Aged and Aging. Here is what the subcommittee has found.

The life expectancy of a girl baby born in 1960 is 72 years (for a man it is 66).

A woman 62 years old in 1960 can expect to live an additional 15½ years (for a man it is 13 years).

One out of every four women alive today can expect to live to be at least 85 years of age.

Of all women who now reach age 65, 30 per cent of them can expect to celebrate an 85th birthday. For the men it is 19 per cent.

Of all women who reach age 75, 41 per cent can expect to reach age 80 (for the men it is 22 per cent).

It is estimated that by the year 2000 there will be 5 million more women than men in the age group beyond 65.

There are now 120 women 65 and older for every 100 men of this age. By 1980 there will be 139 women of this age for every 100 men. By the year 2000 there will be 150 women of this age for every 100 men.

The excess of women over men increases after age 75. There are now 133 women of this age and over for every 100 men. By 1980 there will be 158 women for every 100 men in this age group.

Most men who are 65 or older are married. Most women of this age are not. The difference is great because 70 per cent of the men in this group are married and only 36 per cent of the women are.

On the average (and I am still quoting from the findings of the Senate subcommittee) a married woman can expect to be widowed for about eight years. The breakdown on this statistic will be alarming to most women.

In the age group 45 to 54, 10 per cent of the wives have lost their spouses, but only 2 per cent of the men have. In the age group 55 to 64, 20 per cent of the women have lost their spouses as against 5 per cent of the men.

In the group 65 to 74, 46 per cent of the women have lost their husbands, but only 15 per cent of the men have lost their wives. When you come to the 75 and older age group, 72 per cent of the women are widows, but only 38 per cent of the men are widowers.

These figures should convince all women that the old saga about the weaker sex are not very funny. The simple truth of these figures is that the woman who is left a widow had better take care of it.

Garey Rowe featured in Maysville paper

The following story and picture are from the Maysville Independent.

Regardless of the seriousness of his illness, Garey Rowe, 11-year-old son of Mr. and Mrs. Art Rowe has a spontaneous smile for everyone whom he meets.

The youngster, whose family has lived in Maysville a little less than two weeks, is suffering from chronic nephritis, a kidney infection sometimes known as Bright's disease.

Garey first contracted the illness in November, 1959 and since that time has been under a specialist's care in Lexington. Last January the bright-eyed youngster lapsed into a coma and his doctors and family had little hope for his recovery. However he rallied amazingly and by March was able to leave the hospital.

The Rowe family moved to Maysville from Carlisle in Nicholas County in order for Mr. Rowe to be closer to his work. He has been associated with the Verville Construction company as a carpenter the past 15 years and during that time has commuted to his work.

Only recently the family bought a new little home on the Fleming road and since Garey is unable to attend school or get out much, he has become very lonely and would like really to be able to make some friends.

Garey is unable to walk and has to be carried about. This is a task now being done most of the time by his big sister, Sharon, who is devoted to her younger brother. Sharon has prolonged her high school studies to be near to her brother and to assist her mother with his care.

A big amount of Garey's pleasure is derived from the cards and letters he receives, but since the family moved to Maysville, the lad's mail has slowed down. For anyone who would wish to write him, the family's address is as Maysville route three.

Garey loves to play with toys which he can put together and he likes television. He said he had one great desire for a pet and would like very much to have a rabbit.

In addition to Sharon, Garey has two other brothers and sisters. They are Larry, 15, who attends Mason County high school, Gayle, 9, a student at Lewisburg, Shirley, 12, who goes also to Lewisburg and a small brother, Danny, three years old.

Johnson hits GOP falling farm prices

Keen Johnson said Tuesday afternoon that Kentucky farmers cannot stand another four years of falling GOP farm prices.

The Democratic nominee for the U. S. Senate, in Carlisle on a hand-shaking tour, said everything the farmer has to sell has gone down in price and everything he has to buy has gone up during the last eight years. The Benson blight has brought reduced income to farmers, and has resulted in more than three million Americans leaving their farms."

Johnson said farm revenue dropped from $15.3 billion in 1952, to only $10.3 billion at the end of 1959, and is expected to decline further this year. Farm income of Kentucky farmers dropped $10 million the first six months of this year compared to last year," the candidate said

"In 1959 farm operators received net incomes averaging $175 cents for each hour worked. They paid hired hands 80 cents per hour. Industrial workers during this period averaged $2.22 per hour," Johnson said

The Department of Agriculture (USDA) reported net farm income for this first half of 1960 was nine percent below the first half of 1959. At the same time this was announced, General Foods Corp. reported record-breaking profits for the first quarter of 1960."

Johnson pointed out that net income per farm was down 23 percent despite a decrease in the number of farms.

"I want to be a member of the United States Senate from Kentucky so that I may assist a Democratic President in rewriting the legislation affecting agriculture to help gain back the drop in farm income under the Republican administration," Johnson said.

Tractor pull to close Fair

The final event scheduled for the 23nd annual Nicholas County Fair being held this week at the Armory will be a tractor pulling contest Saturday night, Oct. 1 to 7 o'clock

Tractors will be weighed-in at the Farm Store on Broadway and will be paraded from the store down Main street to Main ton lot where the tractor pull will be held

Letter writing week will be observed Oct. 7

The 23rd annual Letter Writing Week will be nationally celebrated during the week of October 7 It is an event sponsored to emphasize the meaning and value of letter writing as a link between people both at home and abroad

There has been a revival of personal letter writing during the last few years. A letter remains the most economical, longest lasting, and sincerest means of extending greetings, communicating social news and exchanging ideas

"Letters are Links to Friendship" is the theme of this years celebration. It is suggested that individuals write at least two letters a week to friends or relative freth whom you have not heard in a long time, and the second as a reply to a friend or relative who recently wrote to you. Also correspondence to people in other countries is a means of promoting greater understanding among the people of different nations

Mrs. Conyers wins Washington trip

Mrs Elizabeth Conyers, lunch room worker at Nicholas County grade school, leaves October 1 for Washington, D C to attend the American School Food Service Association Convention. Mrs Conyers was the winner of the Kentucky School Food Service Association contest held in June. She had submitted lunch menus to be used on festive occasions. Menus for Jan 1 and Feb 22 were prepared and served at Nicholas County grade school.

Mrs Conyers begins her 13th year working in the school system at Headquarters. She began when her son, John, was in the sixth grade and the school was then the County high. Lunch participation then was around 165 per day She has seen the school students move and now the school is consolidated to a 14-teacher elementary school with a full time principal. The enrollment at the present is 424 Average daily participation in the lunch room is around 380 The school has progressed and her son is now a senior at Morehead College

The trip to Washington is a tribute well earned by Mrs Conyers. She will be accompanied by Mrs. Elizabeth R Clay lunch room director.

Muskies defeated by Eagles 6-0

by Mike Morford

The C.H.S. Muskies went down in defeat Friday night to the Irvine Golden Eagles with a score of 6-0.

The kick off was made by Edwards to the Muskie 10 yd line and was run back 20 yds. for a first down for Irvine. Irvine failing to gain a 1st down punted Johnson received the ball on the 35 yd line and ran it back to the 39 yd. line. After several exchanges of the ball Carlisle fumbled and Irvine took over on their own 25 yd line. Irvine on the 1st quarter the score stood 0-0.

The second quarter followed the same pattern with Carlisle kicking the ball to Irvine and part of the quarter. Neither team scored although they had the fans sitting on the edges of their seats.

In the first quarter of the second half, action picked up when the player Victor Wells scored the only touchdown of the night.

The extra point was no good

The last quarter was begun with Irvine having possession of the ball, but failed to make a 1st down. Carlisle intercepted Irvine's pass on her own 25 yd line and ran it back 12 yds, On the next play Clarence Compton made a 50 yd run to the Irvine 5 yd line With 3yds to go for a touchdown Carlisle again fumbled the ball. With about 7 minutes to go in the game each team had possession of the ball twice but neither scored. As the last whistle blew the score stood 6-0.Irvine

Carlisle plays Lancaster Friday night away I'm sure that the team and cheerleaders would appreciate it very much if you would attend and support our school and team since this raises the teams moral.

Kick off will be at 8:00.

Gov. Bert T. Combs will address the morning session and the Honorable Frank G. Clement, former governor of Tennessee, will be the afternoon speaker.

October set as Selective Service month

On September 16, the Selective Service System celebrated its twentieth birthday. Governor Bert T. Combs has proclaimed October as Selective Service Month in Kentucky.

The purpose of observing the birthday is to re-dedicate the System to the principle of Military manpower procurement to all the people from the community through the state and national levels as initiated it in 1940, and have made its continuation possible to the present hour.

The anniversary also honors the multiplied thousands of men and women throughout the United States who have served the System in uncompensated capacities since 1940, as well as dedicated personnel of the paid staff at all organizational levels.

The Act (Public Law No. 783-76 Congress) made the Governor of the State responsible for the administration of the Selective Service within his state. The Honorable Keen Johnson was governor of Kentucky at the time the act became law.

Local members of the board are W. S. Adkinson, chairman, Mrs. Hiram L. Osborne, Ashland Bowen, E. R. Kendall. The local appeal agent is Eddie Ray Fans sitting on the edges and Miss Hailye Griffin, clerk.
