**The climate couldn't be better for buying a new JET-SMOOTH CHEVROLET**

(and that's the car more people are buying!) There's nothing like the size of these Jet-Smooth Chevrolts to fit into your summer travel plans. They're built to take long trips in style—from the special brand of "jet" they've got under the hood (shown from 26 engine-transmission housings designed to please the most persnickety driving foot) to the cavernous total area in the rear (the tailgate opening on that wagon measures nearly 6 feet across). And every little thing—36-month model brings you body by Fisher features you won't find in any other car in Chevrolet's full-line stretch parallel action windshield wipers, convenient reach-operated ventilation, one key that fits all locks. No wonder more people are buying Chevrolts than any other make! And right now—with things brightening up all over the land—you couldn't pick a better time to drop in and check the beautiful ways that are blowing out at your dealer's.

See all the new Chevrolts at your local authorized Chevrolet dealer's One-Stop Shopping Center

The Taylor's Creek home makers met at the home of Mrs. Arthur Boylston. There were twelve members, one child and Mrs. Marge Wilson present. Our president, Mrs. Joe Sapp, called the meeting to order.  
Mrs. Jess Smith gave the devotion. We had reports from landscape artist, Mrs. Sapp gave a talk on the window display we will have for the week of May. Mrs. Wilson gave the lesson on "Children Can Be Young". There were lots of good thoughts brought out in this session. Mrs. James Wood set us in singing some songs.  
After the meeting, adjourned refreshments were served. Our next meeting will be at the home of Mrs. Kenneth Kearns.
