A LITTLE YAPPIN'

By Nellie Crompton
Gerta Perry Tuesday Nights
Mrs. M. J. (Dolly) Price on Tuesday nights with her 20 friends with a Stanley Party last night at her home on the Walnut street hill. Ruby Jacky was the business lady and Mrs. Ida McLean is scheduled to give a party on Tuesday nights.

On Thursday afternoon and to be known as "The Bakers" will go on the "Upper Jacky" job on Tuesday night. They will go to the park on the edge of the park overlooking green hills and valleys of four towers (Nicholas, Bourbon, Bath and Montgomery) in the afternoon.

Several well known admirers of the country house of Everett Wilson, wife and Gals last Thursday a man appeared in the doorway. He was tall and thought he was E. F. Hannon at first. Didn't know I had had been there before. Had a belt in "Yonkers" which I had been told by an expert. I had been told by an expert. I had been told by an expert. I had been told by an expert.

Hogwash?

Well, this is one way to make an extra dollar. But your KU farm service adviser can suggest better ways. That's why KU has farm service advisers throughout the state, and it is so particular about what kind of man they are. Because it's part of his job and KU's way of doing business, a KU farm service adviser

- ... knows both farming and electricity. It's his job to help you make your farm prosper by better.
- ... is friendly. KU is a friendly company and it tries to show its friendliness through people and its services.
- ... is alert for ways to serve you better. As KU's personal representative, it's part of his job to help you serve you better.
- ... is a good neighbor... willing to participate in all community activities.

KU IS ITS PEOPLE. For every field job, there's a comparable headquarters job. Your local KU fieldmen get the same kind of help and cooperation from their counterparts in Lexington as they give you. They're another big reason why you get more than kilowatt hours when you take KU help.
