Heart Month order issued by Mayor, Judge

February will be Heart Month in Carlisle and Nicholas County as the result of a Proclamation signed by Mayor Powers and Judge Clark at the Court House.

The Mayor observed that only research can provide the new scientific knowledge through which the heart and blood vessel diseases eventually will be controlled. He called upon the citizens of this county "through their businesses, civic and service organizations and homes," to give their earnest cooperation to the 1961 Heart Fund campaign of the Nicholas County Heart Association which supports the research, education and community service program of the American Heart Association.

The Heart Fund Drive began here February 1, and will continue through out the month. It will reach a high point on Heart Sunday, Feb. 26, when several volunteers will call, door-to-door in the residential areas of the city and county, for contributions from their neighbors.

The Nicholas County Heart Association, which will conduct the month-long campaign here, is an affiliate of the American Heart Association, the nation's only independent voluntary health agency dedicated exclusively to combating the heart and blood vessel diseases.

The mayor and judge signed the proclamation in the presence of Albert Booth, Ralph Shearer, Jack Morrison, Bill Collins.

The text of the proclamation follows:

WHEREAS the heart and blood diseases are this nation's and this community's Number 1 health enemy, accounting for more deaths than all other causes combined;

WHEREAS these diseases are responsible for widespread suffering and often create serious economic hardship in homes and businesses in our community;

WHEREAS medical authorities agree that only through scientific research will we eventually find new knowledge for the control of the heart and blood vessel diseases.

WHEREAS the Heart Fund is the Number 1 defense against these diseases, supporting research to develop improved methods of diagnosing, treating and controlling heart and blood vessel disorders, and making possible an effective program of education and community service to bring the benefits of new knowledge to all citizens;

THEREFORE, We, Mayor Powers and Judge Clark proclaim that the month of February be observed as Heart Month in this city and county, and we urge our citizens, through their businesses, civic and service organizations and homes, to participate in this drive and give it their most cooperative assistance.

SIGNED Wm. Power, Mayor
Floyd Clark, Judge

HEART DRIVE KICK-OFF—Jack Morrison accepts a Heart Fund contribution from Mayor William Power, while in the picture below, fund drive chairman, Jim Trivette, accepts Judge Floyd Clark's gift. The Mayor and Judge issued a joint proclamation concerning the Heart Fund Drive.

STRIPPED DOWN—All that was left of the old Jackstown covered bridge before it was dropped into Hinkston creek a few weeks ago is pictured above in a photograph taken by Paul Sapp, Route 1. The picture shows the skeleton of old bridge and was taken near the store of Mack Ritchie. In the picture at top, part of the old structure can be seen on left side along the abutment.

Lake projects developments

Representatives of the Nicholas County Fish and Game Club and the Carlisle-Nicholas County Chamber of Commerce, who have been working hard in the development of the proposed new lake project, have written letters to the Department of Parks, Department of Economic Development, Department of Fish and Wildlife and the Department of Conservation, asking for a joint meeting to discuss future details of the construction of the proposed dam and development of the lake project.

The Nicholas County Fish and Game Club, which was instrumental in getting the Department of Fish and Wildlife interested in the proposed lake project, represented by Dorsey Watkins, the club president, and the Carlisle-Nicholas County Chamber of Commerce, represented by William Straw, Secretary of the local Chamber, both report that the Highway Department has been engaged in running some preliminary lines for the proposed future construction of the Gallows dirtroad and that it is hoped another meeting with the various state officials can be held in the next couple of weeks to keep the project moving.
