**NATIONAL FFA WEEK**  
The FFA will be celebrating National FFA Week from February 15 to 22 in FFA Week. We have a window in Carlisle to show people about the NCFES FFA and how it works. We are a self supporting organization and no tax money goes to help us. We hope you will stop and see our window and better see our demand how we operate. The FFA and the FFE, are having a party February 15 at the NCFES hospital at Louisville. The year will be held at N.C.F.E.S. in a National Jefferson county has closed party and the public in highest, 22,612 days care, while not loved.

The Dairyman's Dilemma  
It is better to buy hay or to buy grain to maintain milk production? The answer depends on the price of hay and the price of grain. We are sure we must keep up high production in order to make money in dairying. The big question right now is how can a dairyman feed his cows most profitably. **30 YEARS AND 40 YEARS AGO**  
Thursday, February 15, 1941  
Walter S. Atkinson was elected head of the Farm Bureau at the annual meeting Thursday night.  
George Ames, negro, suffered serious injuries and William R. Taylor, of Barfieldville, suffered minor cuts and bruises when the automobile in which they were riding struck an embankment and overturned on the Marysville and Lexington road.  
In Circuit court, Wednesday, Judge James C. Dutton appointed H. L. Curtis, G. C. Groves and Floyd Hatcher as commissioners for the court.  
At a meeting of the Nicholas County board last Wednesday, an appropriation of \$1500 was made to pay property owners for right-of-way for the proposed new road from the Lewis Jackson road to the Marysville and Lexington road.  
Mrs. W. M. Blair, of Myers, told The Mercury Monday night a cat at her home caught a mouse and carried it to her room. She saw the mouse on the floor the next morning, and she was told by her neighbors that it was a mouse.

**What would happen to you if all the Rural Electric Co-ops in Kentucky ceased to operate?**  
"Nothing," you say? You live in town. That again! As supplied by the Rural Electric Co-ops has done more than any other thing to raise the buying power of the Kentucky farmer. Thanks to low cost rural electricity he can operate his farm more efficiently, can produce more and better crops, can make more money. And this money that he makes he spends in the towns and cities of Kentucky. Take away rural electricity and you take away the farmer's power to buy... and much of your own prosperity.
