CHRISTIAN SCIENCE
How true health and harmony are established will be brought out in the Lesson-Sermon entitled Life of Christian Science churches Sunday.
Included in the Bible readings is this statement from Deuteronomy (5: 33): "Ye shall walk in all the ways which the Lord your God hath commanded you, that ye may live, and that it may be well with you, and that ye may prolong your days in the land which ye shall possess."
This passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be read: "Our proportionate admission of the claims of good or of evil determines the harmony of our existence—our health, our longevity, and our Christianity" (167: 7).

METHODIST CHURCH
I. S. Pineur, Minister
Thought to Remember: The fear of the Lord is the beginning of wisdom.—9:10
9:30 a.m., Sunday Church School. Classes for all ages.

Marion Shepard and Harold Clark of Cincinnati, visited here Saturday with relatives and friends.
Rev. Marion McGuffey of Mississippi, is visiting here with his mother and father, Mr. and Mrs. Marion McGuffey Sr., due to the illness of his mother.
Death has claimed Mr. Bruce Smoot, a native of Moorefield. Mr. Smoots is survived by a brother and several nieces and nephews. Burial details are as yet incomplete.
Rev. and Mrs. Sutton were the dinner guests Sunday of Mrs. Ellen Bean.
Miss Betty Ledford and friend of Lexington, attended services Sunday morning.
Mrs. Leora Leer and Mrs. Della Thompson have been sick at their homes on Broadway.
Mrs. Leer is better.

Classroom teachers meet

The Nicholas County Classroom Teacher's Association held its January meeting at the Nicholas County high school on Thursday afternoon, January 5. Foster Pumphrey, the president, called the meeting to order. Mrs. Lucille Clark read the minutes of the November meeting in the absence of Mrs. Clarine Gudgell, secretary.
Mrs. Gladys Kenney was a report on a Teacher Education and Professional Standards meeting which she attended in Winchester during September.
J. E. Jaggers of Eastern State Teacher's College presided and gave a brief history of this organization. He stated that T.E.P.S was born in 1946. It is trying to get teaching on the same level as that of other professions. Not everyone should teach, a weeding out process should be at the college level. No one should be kept out of college who wishes to attend but should be guided into the curriculum where he belongs.
Standards for this should be developed and used in institutions for teacher training. He also said that very little had been done on this screening process. If the profession does not do it, others with wrong attitudes may do it for us. The goals for 1960-61 were: 1. As individuals and groups we must improve education. 2. We are responsible to the people to improve our teaching for the money spent for such. 3. We must not only do a better job, let let the public know about it. 4. Ethical behavior of teachers should be considered in the profession. 5. A challenge of quality has been hurled at us and if we do not accept the challenge we are not worthy of the name of the profession.
Mrs. Lucile Irvin gave a talk on the importance of Civil Defense, listing some of the things the public should know and do in case of a bombing attack. Literature on this subject was distributed.
The meeting was adjourned until the next meeting date in February.

Farm and Home Week to be held January 31 through February 3

Farm and Home Week is January 31 through February 3 at the University of Kentucky, Lexington. On Tuesday morning there are three sessions in which women are apt to be interested—Rural Zoning; Preparing for old age and The Challenge of Kentucky Youth.
Dr. William Smith, Leader of 4-H Club Work in Pennsylvania, will give the key address on Youth. This is the follow-up of the White House Conference on children and youth which was held last year.
After the general session on Tuesday afternoon, President and Mrs. Dickey will hold their tea at the new Medical School. A 30 minute tour of the building is planned for those interested. There will be an Arts and Crafts show sponsored by the University Woman's Club open until 9:00 p.m. that evening. Maxwell Place will also be open following the general session.
Thursday afternoon there are seven sessions at 3:00 p.m. The County Choruses will sing at Memorial Hall. Mrs. M. M. White, wife of Dean Martin M. White, will give either one book review or several short ones along with a discussion of given reviews.
The Political Science Department will hold a meeting on principles of good government.
The Annual Homemakers Luncheon is Friday noon until 3:00 p.m.

PROPERTY TRANSFERS

Turner Donahue to Iva S. Stone, house and lot on High St.

Ray Flora and wife to William E. Hunter and wife, 203 acres more or less, near Ishmael Chapel.

Carlisle FHA

The Carlisle FHA met Thursday, January 5 in the home economics department. Susan Talbert, president, presided. Lee Ann Roberts had the devotion. A motion to have a calender for a money making project didn't carry. Nancy Ring, secretary, read the minutes and called the roll. The president appointed a committee to decide how we would raise money for the scholarship fund. Judy Hutcheson moved that we have a ham raffle to make money to use for the Mother and Daughter Banquet. Michal Morford seconded it. A committee composed of Beverly Mann, Wanda Hamm and Charlotte Moore is in charge of finding a ham. Lee Ann Lovitt moved that we have a family night pot luck which carried. Committees for the family night supper: Entertainment, Judy Giffin, Nora Harper, Sally Dayton and Rose A. Simons. Food: Darlene Crawford, Phyllia Curtis, Wanda Conyers and Judy Whiteley. The supper is planned for Monday, January 16.
For the program, Rose A. Simons gave a talk on the United Nations. Phyllis Medley told the members about the degrees we can work for in FHA. Martha Anderson moved we adjourn and Judy Giffin seconded it. After the meeting Nancy Ring, secretary, gave membership cards to the members.

School lunch program report

Miss Laura Moores, from the Division of School Lunch, Frankfort, attended the Nicholas County high school lunch on Monday, January 8. Miss Moores is working in the area of records and reports as pertain to the School Lunch program. She examined the records of the Nicholas County high school lunch as required in the National School Lunch Program Agreement.
During the month of December an average of 702 meals were served daily to the Nicholas County school children and their teachers.
At Moorefield school an average of 154 meals were served daily which represents 80% of the students attending school participating in the lunch program. 474 extra ½ pints of milk were purchased.
At Nicholas County school the student participation was 92% with an average of 378 meals served daily. The extra milk purchased was 1700 ½ pints.
Nicholas County high served an average of 260 daily with a participation of 81.5%. 319 half pints of extra milk were purchased.
At every season of the year the school child needs proper nutrition to do his best work in school. During the winter season the school child needs extra food nutrients to help keep him warm, to provide energy for extra play in cold weather, to help fight infections that seem to be more prevalent in the winter and to build and repair body tissue of the normal growing child. By providing a hot, well balanced noon lunch—Type A meal at noon the schools are giving an extra health service to help build stronger, healthier and better educated citizens for the future of America.

Surtax eliminated from state's income tax

The cussed and discussed surtax, object of most bitter complaint by Kentucky income tax payers, was eliminated from the new reduced income tax schedule effective January 1.
The elimination was pointed out by Paul McNees, district supervisor of the Maysville Office of the Department of Revenue.
The soon-to-be eliminated surtax levied an added 2% on top of the normal payments and in some cases amounted to 30 per cent of the regular collection.
Mr. McNees also pointed out local tax payers may take advantage of their forthcoming reductions even before the new law goes into effect.
His department has on hand tax experts to advise on what steps might be taken immediately to cut present payments through advance charity contributions, prepayment of interest and also the payment of fed eral taxes.
Such payments," he explained, "can be used to compute deductions which will be directly into present payments."
In addition to the reduced income tax program the lowest since the program was first adopted in 1936, taxpayers will also get an increase in personal exemptions.

Hospital notes

Admitted
Mrs. Mattie Asbury, Mrs. Everett Fryman, Barterville; Mrs. Edward Mitchell, Maysville; Mrs. Laura McGuffy, John Poller, Mrs. Opal. Sexton, Cyrus Morris, Mrs. Dennis McDonald, Mrs. H. H. Dalzell, Mrs. G. C. Burden, Carlisle; Mrs. Jerry Tincher, Cyrus Morris, Carlisle; Webster Briggs, Evening; Mrs. Edward Mitchell, Maysville; Mrs. Buford Blevins, Sardusky, Ohio.

Surgery
Wilbur Platt, Paris. Stanley Galbraith, Carlisle. Mrs. Bill Allen Grimes, Cold Springs.

Protect shrubs from winter rabbit damage

Peter Cottontail may be a favorite of children and hunters, but he can cause serious damage to your shrubs and young trees unless you protect them, according to James O. Kelley, UK horticulturist.
Rabbits may do severe branch, trunk and bud damage to shrubs and small trees during cold weather. Gnawing and girdling of trees often kills them. One rabbit can ruin a large number of plants in a

Approximately 45,000 acres of burley tobacco were damaged because they were left in the trunk of the barn when the crop was housed. Many growers had their tobacco dry enough to be put in the trunk to be out of rabbits' reach. Keep in mind that rabbits can reach higher on a plant during a deep snow. And be sure to always use repellents according to directions on the label. Kelley warns.
In 1950 game birds from China introduced a virulent Asiatic strain of Newcastle virus, a poultry disease.
Both celery and cabbage are good vegetables to buy this month. Serve these nutritious vegetables often.

THE '61 CHEVY BRINGS
JET-SMOOTH TRAVEL DOWN TO EARTH

This is the Impala Sport Coupe — just one of 28 Jet-smooth Chevies!

HERE'S WHAT GIVES CHEVY ITS JET-SMOOTH RIDE—Full Coil suspension—Chevy's one of the few cars with a coil spring at every wheel. Precision-balanced wheels—For smoother rolling with less vibration. Sound-hushing insulation—Sheet metal is carefully insulated against drumming and vibration. 8 built-in "shock absorbers"—Cushion the chassis against shock and shake. Live rubber body mountings—Extra-large butyl rubber cushions that further isolate the ride from the road.

Better just circle your dealer's block the first time you try a Jet-smooth '61 Chevy. Get anywhere near an open highway and he's liable never to see you again.
What we mean, Chevy's ride whets your yen to travel. Wins you over with its delightful coil-spring smoothness, its hushed comfort and light steering.
You find yourself feeling sorry for people who buy higher priced cars, thinking they have to pay premium prices for a luxury ride.
That may have been true at one time, but not any more. Chevrolet's ride, its tractability, just doesn't take second place to anybody's. Drive one soon and see.
