ANSWERS TO YOUR TAX QUESTIONS BY WILLIAM E. SCENT

Q. I have this method of thanking my friends and the entire staff of Nicholas County hospital including each nurse each day in bottles, each that works in kitchen, each that works in hospital, each that works in hospital, each that works in hospital...

Q. It is necessary to show the amount of all sales made during the month?

Q. Why is it necessary to include the amount of all receipts on one form (Total Receipts) that would include all sales subject to sales tax, and all sales tax collected?

Q. If all of the deductions entered on line 2 (Deductions) are in one category, for example, groceries, the amount is not entered in the proper space on the line entitled "Sales of goods"?

Q. If the deduction is an amount, it is necessary to fill in the back side of the form?

Q. If a retailer discovers that he has made an error in his books, should he correct it?

Q. If the retailer discovers that he has made an error in his books, should he correct it?

Q. If the retailer discovers that he has made an error in his books, should he correct it?
