Fish size

(Continued from page 1)

for walleye and 24 inches for northern pike and musky, will be effective in the designated lakes on July 26.

None of the streams are affected by the new regulation, nor does it apply to Kentucky, Dale Hollow and Lake Cumberland, Commissioner Clark pointed out, since the streams and the excluded lakes are found to be in good shape from the standpoint of fish populations. A previous regulation had reduced the size of black bass to be taken from Elkhorn Creek and its tributaries in Franklin, Fayette and Woodford counties to 11 inches, since an experiment on fish populations is being conducted on those streams.

Lakes affected by the limits are as follows: Dewey Lake and tributaries, Floyd County; Herrington Lake and tributaries, Mercer, Boyle and Garrard counties; Rough River Reservoir and tributaries, Breckinridge, Grayson and Hardin counties; Buckhorn Reservoir and tributaries, Leslie and Perry counties; Guist Creek Lake and tributaries, Shelby county; Lake Malone and tributaries, Todd, Muhlenberg & Logan counties; Shanty Hollow Lake, Warren county; Elmer Davis Lake, Owen county; Carpenter Lake, Daviess county; Kingfisher Lakes, Daviess county; Greenbo Lake, Greenup county; Boltz Lake, Grant county; Bullock Pen Lake, Grant county; Kincaid Lake, Pendleton county; McNeely Lake, Jefferson county; Chenoa Lake, Bell county; Carter Caves Lake, Carter county; Marion County Lake, Marion county; Spurlington Lake, Taylor county; Lake Washburn, Ohio county; Game Farm Lakes, Franklin county and Boyle County Lake, Boyle county.

Ky. Lake vacationland

Frankfort, July 10 — NBC Radio's weekend "Monitor" show will carry a feature on the Kentucky lake vacationland Saturday afternoon, July 15, and will repeat it the following Saturday, July 22.

Tentative time for July 15 is 2:40 C.D.T.

Byron Mayo, vice-president of Foote, Cone and Belding advertising agency, San Francisco, informed the Kentucky Department of Public Information today that the show is scheduled as part of the Holiday USA series on "Monitor" sponsored by the manufacturers of Sea and Ski.

The show was taped at Kentucky Lake by Bill Furnish, radio-TV editor for the News Services Division of the Department of Public Information. The tape furnished to "Monitor" includes interviews and descriptive comment on water-skiing, sailing and tent-camping at the resort area on the largest of the TVA lakes, where there are three Kentucky State parks.

HOUSEMOTHERS SCHOOL ATTRACTS 130 AT UK

Some 130 college and university housemothers from all over the country attended the two weeks training school for members of their profession held at the University of Kentucky. Dr. Doris M. Seward, dean of women, conducted the event which featured lectures, talks, and discussions by more than 30 qualified persons in the field of guidance and counseling.

NEARLY 3,000 ATTEND WEEK-LONG MEETING

A total of 2,900 persons attended the 69th annual meeting of the American Society for Engineering Education held the last week in June at the University of Kentucky. It was the largest group meeting ever held on the campus or in Lexington. Visitors came from more than 400 other universities, colleges, institutes, industries, agencies and organizations.

TRANSLATION RECEIVED OF STUART ARTICLE

A copy of a story by Kentucky author Jesse Stuart which was translated into Russian in 1938 has been sent to the University of Kentucky under the library's extensive exchange system. The article, entitled "Tows", was requested about a year ago and the prints of the Russian translation have just arrived in Lexington, according to UK Director of Libraries Lawrence S. Thompson.

GRANTS MADE TO 19 FOR SPECIAL STUDY

Nineteen Kentucky teachers are preparing themselves this summer in courses at the University of Kentucky to teach mentally retarded and orthopedically handicapped children. All are studying under scholarship grants—16 of them provided by the WHAS Crusade For Children, and three by the United Cerebral Palsy of the Blue Grass. Their work is being directed by Dr. Albert S. Levy, associate professor of special education at UK.

Mt. Zion homemakers

The Mt. Zion homemakers met June 29 at 10:30 a.m. in the Assembly Room. There were seven members and Mrs. Margie Wilson present. The business meeting was held in the morning and the following officers were elected for the coming year: Lavina McFarland, president; Emma Sloan, vice president; Roberta Watkins, secretary and treasurer.

We enjoyed a pot luck lunch and in the afternoon Eleanor Shrout and Lavina McFarland gave the lesson on "Tote Bags."

The meeting was adjourned to meet in September.

3 deaths caused by traffic accidents

Frankfort, July — Kentucky State Police records show that 3 deaths from traffic accidents occured in Nicholas County during the first six months of this year.

As June ended, 32 counties were without a 1961 highway fatality, the records show. They are:

Adair, Bracken, Breathitt, Breckinridge, Bullitt, Butler, Calloway, Clinton, Crittenden, Cumberland, Estill, Fulton, Henderson, Henry, Hickman, Jackson, Johnson, Lawrence, Livingston, Lyon, McLean, Magoffin, Marshall, Menifee, Morgan, Owsley, Robertson, Russell, Trimble, Washington, Webster and Woodford.

The state wide total for the first half-year was 307 deaths, 39 fewer than the deaths for the first six months of 1960.

Glenn Lovern, commissioner of Department of Public Safety, said, "This slight statistical advantage offers only small hope for improvement over 1960's 12-month total: Heavy summer vacation travel last year and the always deadly fall months—when people seem unable to shift their driving habits to fit shorter days and wetter weather—wiped out what had looked earlier like a better year.

As 1960 closed, only five counties were without a traffic fatality for the year.

Bad weather in early 1961 held traffic down, but with warmer weather death began to hit harder on the highways, State Police reported.

The Purchase, one of Kentucky's six physical regions, received its name at the time it was purchased from the Chickasaw Indians.

CASTLE GIRL . . . Teri Jansen is a fitting choice for the title of "Castle Girl," bestowed on her by the U.S. Army Corps of Engineers recently.

Reelfoot Lake on the southwest border of Kentucky was formed in 1811 by an earthquake.

Piano Tuning

Piano tuning and organ service by local man. All work guaranteed for 90 days. For free estimate call S. E. Phillips, phone 323.

Piano Tuning only $7.50

The Upper Room

THURSDAY, JULY 13
Read Luke 6: 6-12

It came to pass in those days, that he went out into a mountain to pray, and continued all night in prayer to god. (Luke 6: 12.)

The Gospels tell us stories about Jesus' seeking the presence of the Father outside the temple doors. In the wilderness He sought God for strength to fight temptation. After a busy day, He prayed in the mountain. At the hour of His greatest need, He went to a secluded garden. Jesus felt that out of doors He could be close to the Father.

During a summer workcamp located on a hilltop, the young people made what they called their "Chapel in the Woods." The walls of the "Chapel" were the foliage and its roof was the open sky. The campers held their dedication service there. They felt the presence of God in this open chapel.

We, too, can be with the Almighty when we seek Him outdoors. He is always there. He whispers to us through the flowers and birds, through the wind, the rain, and running waters. When we appreciate God's handiwork, we exalt Him and rejoice in His presence.

PRAYER: Under the canopy of the sky, O God, we come to Thee. Teach us to be appreciative of Thy works around us. Teach us to become more aware of Thy presence in the beautiful out of doors. Through Christ, who prayed in the garden, we pray. Amen.

THOUGHT FOR THE DAY

The presence of God is manifested in His creation.—Henry B. Pablo (Philippines)

Telephone Talk

by CHARLES A. HARRIS
Your Telephone Manager

I AGREE WITH UNCLE SAM! Or, rather, I agree with Uncle Sam's Treasury Department, which recently saluted the women of America for 20 years of service in the U. S. Savings Bond Program. As the Treasury so aptly stated, "Thousands of husbands and fathers owe their Payroll Savings nest-egg to the influence of their wives. Many a boy and girl wouldn't have a full Savings Stamp book, but for Mom. And many a bond would not be sold, but for women volunteers . . ."

• • • •

"DID YOU KNOW" DEPARTMENT — With your phone, you can make more than 122 million other phones in the world ring!

• • • •

WHY YELLOW? Why *are* the Yellow Pages of your telephone directory yellow? Why not blue, or pink, or purple? Did someone, back during the telephone's infancy, like canaries? Not at all. (At least, that's not the reason Yellow Pages are yellow.) The reason is purely scientific —determined by an eye specialist. Black print on yellow paper is the second most legible color combination! Black print on white paper is first, but that's "taken" by the alphabetical section.

• • • •

VACATIONING SOON? Don't forget to carry along your toothbrush, film for your camera . . . and your little blue book of telephone numbers for those long distance calls you'll be making to the folks back home!

• • • •

RIGHT AT HOME on the farm nowadays is—you guessed it—farm interphone! And talk about convenience! A farm interphone system gives you both intercom and regular telephone service from strategic spots around your farm. With farm interphone, Mom can throw away the dinner bell, too . . . just call the family to supper! How ya gonna keep 'em down on the farm? Install an interphone system, of course!
