Touring Scenic Kentucky

Blue Licks Battlefield
By Marty Lovelace

From the mountains of the Eastern section of the state to the rolling lands of the Western section, Kentucky, often referred to as the Bluegrass State, eagerly invites you to enjoy its natural beauty spots, parks, and picnic areas.

I had been aware that Kentucky was quite historical, and stood the Indians in an effort to wait for help.

Seven Kentuckians were taken prisoner and 60 were killed, including one of Daniel Boone's sons. Reinforcements later joined the survivors and they prepared to renew and continue the fight. The names of men who lost their lives in this battle are carved on a granite shaft.

After your visit to the battle field area, you may enjoy picnicking in the excellent area offered. The quiet, tranquil atmosphere which surrounds Blue Licks Battlefield seems strange after having discovered the many exciting and courageous happenings of the past years.

Here's hoping your visit proves as informative and thoroughly enjoyable as mine.

"Today we need a nation of Minute Men.... citizens who regard the preservation of freedom as a basic purpose of their daily life...."

—JOHN FITZGERALD KENNEDY
10 days after his inauguration as the 35th President of the United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by *"citizens who regard the preservation of freedom as a basic purpose of their daily life."*

Babe Ruth League in new location

The Babe Ruth League played the first two games at the new field last Monday afternoon. The new field, located at the Nicholas County high school, was in very good condition except for being soft around the infield which had just been pulverized and had not settled. The field should be packed down and in excellent shape after the next rain. It took a lot of work to put the field in condition. The following persons and firms contributed their time and equipment and made possible the use of the field last Monday: Buntin's Garage furnished a tractor and equipment; J. W. Ecton, tractor and equipment; Harper's Garage, tractor and equipment; Alexander—Brothers, Bush & Bog Harrow; Kentucky Utilities Co., labor and equipment. These persons contributed labor: Dwaine Green, Lester Green, Jerry Abney and his father, S. Abney, Marshall Cox, Marshall Stone, Paul Stone, James Barnes, Marion Sims, Jr., Mike Dotson, Bobby Snapp, Gale Snapp, and Foster Pumphrey. Charles Wilson, not only worked hard at promoting the project, but worked hard and long to see that the field was put in order.

We are now ready to get down to the business of playing' ball, however, there are still some things needed to make a good league. Our greatest need is umpires. At the present time, two or three persons are carrying the entire load. We need the cooperation of a few persons that are willing to come out and call a ball game as they see it, be fussed at occasionally for making a wrong call, but a person who can understand someone must decide on the rules of the game. The league carries liability insurance, therefore, an umpire can feel that he has the insurance of the club to back him though he may have difficulty in satisfying the teams. So far there has been a lack of sportsmanship and there is no reason to expect a lack of friendly competition shall not continue to exist, but we do need umpires to keep the ever working two or three persons that have been very liberal with their time.
