**Wear a costume, win a prize**  
Every person, man, woman, or child, that appears in a Revolutionary War costume will be given free admission to the July 4th Kenans Treeworks show at UK's Stoll Field stadium, Lexington.

The purpose of this contest is to call attention to the real meaning behind our Independence Day celebration. Perhaps the costumes will remind the audience of many different types of costumes, dressed in various costumes, helped form our new independent nation. The six year (Continued on page 7)

**Southern States Universal! Long Tube Milkers**

LET US GIVE YOU A FREE ESTIMATE

**Exclusive Galf-Mase Balanced Cows**—Since the rear quarters of a cow's udder give about 40% of the total milk yield, the patented Galf-Mase line is designed to meet manager milking action on these rear quarters. As a result, milking on all four quarters is completed at the same time.

**Stainless Steel Lid**—Made up as a clear, heat resistant upper type check valve. Also sealless stainless steel pad.

**Deep Moisture Walls**—Traps condensation and keeps udder skins moisture from retreating milkier pad.

**Milk Deflecting Balloons**—Deflects incoming milk away from vacuum outlet and eliminates problem of drawing milk into vacuum lines.

**Friktion Pulster Mounting**—Holds pulster securely on lid.

**Dependable Palastor**—Uniform in action. Lifetime pump problem.

**Galf-Mase Inflation**—Color opening prevents milk from vacuum outlet and eliminates problem of stopping milk into vacuum lines.

**Cow Comfort**—Equipment operates at safe low vacuum of 30 in. Hg. to insure greater cow comfort and maximum production.

**SHORT TUBE AND POPPING MILKING SYSTEMS ALSO AVAILABLE**
