 The people of the Community extend their sympathy to the Fiera family in the loss of their loved one.

A chemical engineering achievement award has been presented to the Carlisle and Carbon Company for their development of the first commercial production of chemicals directly from coal by a high pressure hydrogenation process.

YOUR TELEPHONE CAN NOW CHIME A BELL
 Chime in your home will announce calls to all your phones with a pleasant musical chime. Or, set it for a louder bell when you go outdoors, or bury the familiar telephone ring if you like. Available in soft gold or ivory. Call us for more information about these new telephone conveniences.
 —AND—
THE ARMY AND AIR NATIONAL GUARD stands ready to serve community, state and country, in peace as well as in time of war. It carries on an American tradition and helps keep America strong. Support your National Guard.

Just 10 MINUTES ON MY MAIL ROUTE
 U.S. MAIL

... pays the entire monthly operating cost of my electric refrigerator-freezer!
 "In the time it takes me to walk two blocks delivering mail I save enough to buy a Radio Shack operating one refrigerator-freezer a whole week," says mailman Gene Fung of Somerset, Ky. "When you figure what everything else costs these days, I don't think you can beat a bargain like electricity!"
 Mrs. Fung says "I don't see how we could possibly get along without an electric refrigerator-freezer. Teaching school, I have very little time to shop. To do in a week's hauls alone my refrigerator-freezer enables me to do quantity buying resulting in savings not only of cost but of time. As time goes, electricity costs so little for so much convenience and time saving."
