CHRISTIAN SCIENCE THANKSGIVING SERVICE

Expressions of gratitude for God's goodness by members of the congregation highlighted the Thanksgiving Day service of First Church of Christ, Scientist Lexington, Kentucky.

The service opened with the singing of A Glorious Day is Dawning, from the Christian Science Hymnal. The First Reader, John A. Royse, then read the Thanksgiving Day Proclamation of the President of the United States.

Scriptural readings in the special Lesson-Sermon on the subject of "Thanksgiving" included these verses from II Corinthians:

"Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity: for God loveth a cheerful giver. And God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound to every good work: . . . being enriched in every thing to all bountifulness, which causeth through us thanksgiving to God."

Also correlative citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy stated (p.79): "Giving does not impoverish us in the service of our Maker, neither does withholding enrich us."

CHRISTIAN SCIENCE

A challenging call to overcome evil, no matter how subtle, with the power of God will be heard Sunday at Christian Science church services.

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon. Readings from the Bible will include this verse from Revelation (21): "He that overcometh shall inherit all things; and I will be his God, and he shall be my son."

A correlative citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 571): "At all times and under all circumstances, overcome evil with good."

The Golden Text is from I John: "Whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith."

wheat, oil, grain, or other feed has not been scattered or deposited so as to constitute a lure or attraction for such birds.

8. Over fields where grains or other crops have fallen to the ground from natural causes.

9. Over burned areas from which crops have been removed, or on which no agricultural grain or seed crops were grown during the current year.

10. Over farm ponds or other water areas which have not been baited.

It Is Illegal to Hunt Migratory Game Birds

1. Over bait—or by means, aid and use of bait—or on or over any area where grain, salt or other feed capable of luring or attracting such birds is placed, deposited, distributed or scattered except as the result of a normal agricultural planting or harvest.

2. Over feed lots — where grain is present as a result of feeding livestock.

3. Over areas where grain crops have been cut down, dragged down, knocked down, burned over or otherwise manipulated and left on the ground.

This information is the best that has to obtained and is issued as a guide so that an innocent individual hunting doves will not be trapped.

This is released after further conversations by Commissioner Clark with Mr. Charles H. Lawrence, assistant chief, Branch of Management and Enforcement, in Washington.

U.S. Ag Dept. conducts livestock survey

"Some 40,000 livestock and poultry producers in Kentucky have received questionnaire cards within the past few days, according to James M. Koepper, Agricultural Statistician for the Kentucky Crop and Livestock Reporting Service.

The questionnaires are the first step in the annual survey of livestock and poultry production and marketing conducted by the U. S. Department of Agriculture in cooperation with the Kentucky Dept. of Agriculture. The survey determines the number of animals on hand, as well as the egg, milk, and wool production.

The livestock survey, Mr. Koepper said, provides the basic information for livestock, poultry, and wool reports used by producers and marketing men in planning their year's activities. He added that a large response to the survey by producers helps insure more reliable estimates for the coming year.

Rural mail carriers distribute many of the questionnaire cards for the Department of Agriculture to selected farms along their routes and pick up the completed cards. The local postmasters take care of getting the cards back to the State Statisticians and the Statistical Reporting Service in Washington, the agency in the Department conducting the survey.

Copies of the livestock and poultry reports are available free from the office of the Agricultural Statistician. Send requests to 434 Federal Building, Louisville 2, Ky."

County school programs listed

Thanksgiving programs in the different schools of Nicholas County will be presented as listed below. Schools will be closed on Thursday and Friday, November 23 and 24, for the holidays.

On Wednesday, November 22, Nicholas County Grade School has invited the Nicholas County Board of Education and other county personnel to have Thanksgiving dinner in the school cafeteria. At 1:30 p.m. the 3rd and 4th grades will give a Thanksgiving program under the direction of Mrs. Maxwell Burden. Parents and friends were invited to attend.

The Eighth grade Coed-V of Nicholas County high school is presenting a Thanksgiving program at 2:30 p.m. on Wednesday Rev. Eugene Cooper will be the guest speaker.

At Moorefield School on Wednesday afternoon during the last period individual programs will be presented in each room.

Sportsmanship Clinic

A sportsmanship clinic, sponsored by the Kentucky YMCA, was held on the campus at the University of Kentucky on Saturday, November 18.

Nicholas County was represented by the following cheer leaders: Betty Wood, Sherrill Craig, Bonnie Whitaker, Sandra Cooper, Judy Whitaker and Jeanne Vaughn. Majorettes attending were Joyce Wills, Leann Moss and Sherry Vice.

During the morning, training sessions were held in the Memorial Coliseum. The cheer leaders learned many new yells and competed in the program of competition. All cheer leaders participated in a yell during the half at the football game in the afternoon. Carroll Hall, band leader, accompanied the group. Mrs. Elizabeth Clay, sponsor for the cheer leaders, joined the group for lunch.

Double-cropping on diverted land

Acreage which is diverted under the 1962 wheat stabilization program or the 1962 barley feed grain program may also be used for harvest for hay, silage, or seed crop, except wheat, winter barley, oats, rye, grass, crotalaria, annual vegetables planted early in the spring for seed, corn, grain sorghum, vegetables, and/or 1962 crop may be grazed on a farm for harvest during the same area in 1962.

The total acreage diverted under the double-cropping program may not exceed the crop acreage limited to be diverted as hay or silage in 1962, the County Committee announced.

Further information on double-cropping of diverted land and barley feed grain programs is available at the County ASC Office. Farmers who have questions about signing up for the program are urged to contact the ASC Office at once.

COMMENT
Kay T. Fisher

I do not know who wrote the following prayer. It appealed to me so thought you might like it too.

Prayer of Thanksgiving

Lord God, we give Thee thanks this day.
Humbly, in our simple way,
For all the gracious gifts which Thou
Hast deigned so richly to endow—
For life—for every passing minute—
For this, Thy world, and all things in it!
We give Thee thanks, dear Lord, for these—
The green beneficence of trees.

The kindness of rain, the birth
Of Springtime from a barren earth
The earth that bears the bread we break
In gratitude for Thy sweet sake.

We thank Thee, Lord, for healing song,
For courage, wise and tall and strong,
For all the laughter and the tears
That mold the pattern of our years.

For truth and trust and constancy,
For faith that lets us lean on Thee!
We give Thee thanks for ears to hear,
For feet to tread Thy pathways here.

For hands to touch, and lips to sing
Thy name in every lovely thing—
For friendship with our fellow men—
But mostly for Thy love.

Amen.
