### Old papers may be valuable

If you are about to throw away those old papers in your attic - don't. The University of Kentucky now has a half-time representative roaming Kentucky to gather and publicize the things which might throw an interesting light on the history of the state.  
Herbert Finch, who is the state representative...

— for our many blessings... as our forefathers were thankful for theirs, which, however meager, were for them manifold!

The right to worship as they pleased... their relief from oppression... the freedom to do for themselves...

In our modern day, we have much to be thankful for - but do not forget to be humble and grateful. And not the least of our blessings - one inherited from the earliest Americans - is this right to do for ourselves...

It was in this spirit that our cooperative was founded... It is in this spirit that we plan the future of this Member-owned business enterprise.

### Telephone Talk

by CHARLES A. HARTIG  
Your Telephone Man

THANKSGIVING, 1951, is fast approaching, and this year it is even more significant. In many ways, we have the same type situation our forefathers had when they first celebrated Thanksgiving. We, like they, have come through a turbulent year since...

And we, like they, are faced with even more dangers ahead. This is a time, it seems to me, for us to reflect our spirit and thank about the passing of God. Our Thanksgiving - to give ourselves and our many blessings. It is a time to ponder our obligations to America and all it means to us.

HAVE YOUR HANDS FULL AT HOME? When household calls a halt to your shopping trip, just settle back and shop by phone! Telephone shopping is quick. It's easy. It's the one way to get things your family needs - when you are tied down at home. So whenever bad weather, no car - whatever - keep you from going downtown, pick up the phone and go shopping. You're just seconds away from any store in town.

UP TO YOUR NECK IN CHRISTMAS plans and gift lists? Here's a suggestion that will make your Christmas shopping easier than ever this year. I'm talking about Phonoland! What is Phonoland? It's a whole "department store" selection of phones and phone services. In Phonoland, you'll find Christmas gift suggestions to please everyone. Phonoland - where Christmas wishes are in easy reach of all the family! Want more details? Just call our business office or ask any telephone serviceman.

Flame Cultivation - An Effective Yield for Weed Control

Weeds continue to take too much profit from Kentucky farmers. Now is a good time to plan an attack on these pests for next year. Let's think about flame cultivation. Its components are: (1) Choose a wacker load of dirt; (2) Choose a wacker load of dirt; (3) Choose a wacker load of dirt...  
How Should Grain Be Prepared For Feeding Cattle?  
Stoves usually show no measurable preference between corn and wheat. In Kentucky three loose straws together (such as blue, red and white) make a better mixture than any other...
