We've Been Keeping the City Informed Since 1867!

Christmas Parade biggest yet

Nicholas Countians will have a special treat in store when the "Christmas in Carlisle" parade is held Saturday night at 8 o'clock.

Plans are complete to have Main Street and the court house area brightly trimmed for Santa's scheduled visit to Carlisle to receive the key to the city in the 1960 parade.

Good Will Keep Nicholas County Enjoyment

Mayor proclaims December 2 as 'Jaycee Day'

Mayor Bill Power today proclaimed Saturday, December 2 as Jaycee Day in Carlisle and asked all citizens to cooperate in the observance.

The local chapter was chartered in August 1959, according to Don Trivette local president of the Jaycees.

The most notable contributions have been the air conditioning rooms at the local hospital and building the Christmas Parade up from a hand, fire truck affair to the annual Christmas Festival featuring 15 waltz units of Valedictorians.

They are also noted for their ability to roll up their sleeves and tackle a task, and the local men are no exception.

Saturday the group will be at work on the parade sponsoring a pancake festival and Christmas Showman. Money raised by the various Jaycee projects is used to help make Nicholas County a better place to live.

The Jaycees are currently seeking to increase their membership to 250 units of Valedictorians.

They are also noted for their ability to roll up their sleeves and tackle a task, and the local men are no exception.

Carlisle wins first game of net season

The Carlisle Golden Eagles won over the Irvine Mucklets on the net at Irvine Friday night and hung up their first victory of the season.

Trailing 12-10 at the first quarter rest stop and 26-23 at the half, the Mucklets took the lead in the third period and broke a string of three straight breaks.

Both teams had three men in double figures, Veterans Carlisle was led by Johnny Fuller with 15 points.

Carlisle was led by Johnny Fuller with 15 points, while Irvine was led by Danny Wiseman with 17 points.

Colder weather expected until 1965 but warmth believed long-term trend

The world can expect slightly warmer winters during the next few years, but probably only a brief respite from the cold.
