Subscription Rate in Kentucky, \$2.00 a Year, Plus Tax  
Rate Anywhere Else \$2.50 a Year.

## A Better Library A BETTER Community

What is a library? It is a collection of books, a storehouse of knowledge, a place where you can find answers to your questions, a place where you can find inspiration, a place where you can find the answers to your problems. It is a place where you can find the answers to your questions, a place where you can find inspiration, a place where you can find the answers to your problems. It is a place where you can find the answers to your questions, a place where you can find inspiration, a place where you can find the answers to your problems.

It will enrich us in many ways. It will make available to us the knowledge of the past, the wisdom of the ages, the experiences of others. It will help us to understand ourselves and the world around us. It will help us to grow, to learn, to improve ourselves. It will help us to become better citizens, better neighbors, better people. It will help us to live more fully, more joyfully, more meaningfully. It will help us to reach our full potential, to become the best that we can be.

It will help us to understand ourselves and the world around us. It will help us to grow, to learn, to improve ourselves. It will help us to become better citizens, better neighbors, better people. It will help us to live more fully, more joyfully, more meaningfully. It will help us to reach our full potential, to become the best that we can be.

## Diphtheria, scarlet fever epidemic subsides, no new cases reported

Thursday, October 23, 1941  
Mrs. Clarence Davis of the Case Run road was taken to the St. Joseph hospital in Lexington Thursday suffering from serious injury in a fall at her home. She weighed 65 pounds, but with braces in all joints her weight is 100 pounds.

North street - Mrs. Sallie Wynn, 63, died at her home Thursday morning. She was 68 years old.

Thursday, October 27, 1941  
The epidemic of diphtheria and scarlet fever, which for a time threatened to become serious in this county, has subsided. No new cases have been reported this week.

## Letters to the Editor

Dear Editor:  
I am writing to inform you that I have received your issue of October 23, 1941. I am very pleased to see that you have included my letter in your issue. I am sure that your readers will find it of interest.

Ordinary oils can create dry, overheating oil. Also, you see what happens when a conventional motor oil is dripped on the cylinder head above the piston device. These ordinary oils cause carbon to build up on your engine's hot spots.

## Hot piston test shows that new Shell motor oil eliminates a trouble other oils can create. Read how this revolutionary oil can prolong engine life 5 ways.

Here is an astonishing fact you should know before you get your next oil change: Premium motor oils - with one exception - will produce a deposit called additive ash. This ash can contribute to rough running and knock.

Shell X-100 Premium is the one premium motor oil that cannot produce an additive ash deposit in your engine. Read how this remarkable oil formula helps your engine last longer.
