MATTOX TABERNACLE
Rev. Paul Mattox, Minister

Sunday at Atonement" is the subject of the Lesson-Sermon to be heard in Christian Science church services Sunday. This statement of the Master's will be included in the 10th to 13th verses of John 10: I and my Father are one . . . If I do not the works of my Father, believe me not. But if I do, though ye believe not me, believe the works: that ye may know, and believe, that the Father is in me, and I in him.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will be read: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life, and Love. Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only in justice to himself, but in mercy to mortals, . . . to show them how to do theirs, but not to do it for them nor to relieve them of a single responsibility." (p. 18)

TODAY'S medi

THURSDAY, APRIL 19
Read Luke 23:39-46

Why sleep ye? rise and pray, lest ye enter into temptation. (Luke 22:46)

The Garden of Gethsemane was a place of beauty and serenity on the western slope of the Mount of Olives. In this place, we learn from Luke and John, Jesus often sought quiet seclusion with His disciples.

Here was the scene of Christ's agony and submission to the will of his Father. The divine sense of Jesus in the Garden has made it a sacred spot.

Although those closest to Jesus were not aware of the impending events, He knew the gravity of His mission. Near His sleeping followers, Jesus prepared Himself for the greatest task of all time—redeeming a lost world. He prayed, saying, "O my Father, if this cup may not pass away from me, except I drink it, thy will be done."

Are we asleep, or are we aware of our individual responsibility for the cause of Christ that God has placed upon us?

PRAYER.- Gracious Father, today keep us alert to the charge that is ours in the furtherance of Thy kingdom. Help us prepare, through study of Thy Word and by prayer, for every challenge that comes to us. In Christ's name. Amen.

BROUGHT FOR THE DAY.- If life were as easy as we would choose, many of us would sleep right through it.

Marine recruiter explains famed 'Dress Blue'

Mr. Average Citizen is fairly well informed about the Marine Corps being America's force-in-readiness, but according to Marine Sergeant Willie R. Milton, local Marine Recruiter, much mystery surrounded the famed "Dress Blue" uniform.

Although attracting attention wherever seen, the Marine dress uniform doesn't conform to conventional, modern styles because it is so steeped in tradition," said Sgt. Milton.

The Sergeant pointed out that the red "Brasser-stripe, worn only by officers and non-coms, commemorates the blood of commissioned and noncommissioned officers who lost their lives in the battle of Chapultepec in the Mexican War of 1848.

He also said the high collar, which looks uncomfortable, but actually isn't, is a holdover from sweet fighting days.

When Marines were fighting hand-to-hand on the decks of sailing vessels," related the Sergeant, "the high collar was of hard, heavy leather, padded for comfort, and served to ward off fatal sword thrusts at the jugular vein. It was from this leather collar that Marines earned the title of 'leathernecks'."

The interview concluded with Milton, "we are proud of the name Dress Blues and wouldn't change them for the world!"

APRIL 24 SET AS OPENING DAY FOR UK HOSPITAL

The new University of Kentucky Hospital in Lexington will admit its first patients on April 24.

Only some 65 of the hospital's 500-plus beds will be occupied initially, hospital authorities say. The remainder will be activated in the need required.

The hospital is the third major unit to be opened in the new UK Medical Center. The College of Medicine and the College of Nursing admitted their first classes in 1960. Of the Medical Center's four main facilities, only the College of Dentistry will remain to be opened after April 24. It will enroll its first class in September.

The University Hospital will admit patients upon referral by physicians and dentists from throughout the state. It is estimated that as many as 100,000 clinic visits and some 12,000 hospital admissions eventually will be recorded each year.
