TEACHING BY TV . . . Closed circuit TV is becoming one of education's most vital classroom aids. This new educational medium is developing just in time to meet the re-awakened interest in mathematics, languages, physics, and chemistry from elementary school to college level. And wherever distribution of TV is needed, Bell Telephone companies are equipped to provide it. Your Bell System's facilities, manpower and know-how are on the spot to make possible the educational television network which brings teaching programs to schools and homes across the nation.

LATE VACATION PLANNING? For a happier time, more fun for the family, your choice of reservations . . . go first by phone. Notify friends and relatives of your arrival, reserve rooms ahead of time, order theatre tickets in advance . . . do it all by phone. You'll arrive with ready-made plans . . . have more time for fun while you're there . . . come home with happy memories of a telephone-planned vacation.

• • •

MENTION THE BELL SYSTEM and any of its associated companies and you'll probably think first of telephones and other communications equipment that are such an important part of life today. But did you know that an organization of more than 200,000 Bell employees (membership requirement—21 years of service!) maintains a program of service and fellowship in thousands of communities throughout the country? This organization's services are many—but probably best known is its program of transcribing books into Braille for the blind . . . another evidence of telephone employees' spirit of service.

IN THIS HIGH-POWERED DAY AND AGE we've gotten used to reading and hearing about millions and billions. For example, the U. S. is in debt more than two hundred ninety-six billion dollars. But, to most of us used to thinking in terms of our personal income and budget, it's a bit difficult to realize just how much a billion really is. Comparisons help. For instance, from the birth of Christ through 1961 there were only a little more than one billion thirty million minutes of time.

Garden Club Holds Meeting

The Carlisle Garden Club met Monday afternoon at the home of Mrs. Cleary Fightmaster.

Spiritual values were given by Mrs. Marion Mathers.

A lovely musical program, the theme, "Music in America" was rendered by Mrs. Fightmaster at the organ and vocalists, Mrs. Ambrose Stamps and Mrs. W. R. Buntin, Jr.

As far back as the 18th Century the interest in music in America was very marked and led the way to our modern composers and musicians in this wonderful country of ours.

During the social hour, dainty sandwiches, cookies, and punch were served by the hostesses, Mrs. Charles Crockett and Mrs. Ray Flora.
