Fire which started with an old automobile burning and then spread to a quantity of gasoline, destroyed about 450 gallons of gasoline at the Gulf bulk distributing plant here Monday. Ben H. Pumphrey, Gulf distributor said the loss at his plant was confined to gas. The fire started at the Taul junk yard, the Carlisle Fire Department was called, they battled the blaze until it was under control.

Sam K. Veach, Carlisle dean of business men, will celebrate his 90th anniversary here today.

Large sales held at the Farmers Stock Yards with receipts near two thousand mark Tuesday on its regular weekly auction.

N. B. Roberts of North street, celebrated his 79th birthday last Thursday and he and Mrs. Roberts had their dinner at the Curtis hotel. Mr. Roberts is enjoying good health.

The Locust Grove Baptist church will honor its 96th anniversary Sunday, August 30 with an all day meeting in the form of a homecoming. Dinner will be served on the grounds for a fellowship of old friends.

A number of Carlisle and Nicholas county people went to Lexington Wednesday to attend the Al G. Barnes circus.

A Little Yappin'

by Nellie Crump

Big Checker Game.

Mr. and Mrs. Adrain Vandlandingham have bought back their old home on Dorsey avenue from Mr. and Mrs. Eugene Purvis and will move to it soon from their present home on Morgan street (the old James A. Barlow place). Police Chief and Mrs. Purvis will move to the George Roberts apartment on broadway, known as the Stall property, between the first and fifteenth of September. Mr. and Mrs. Robert Darbro are moving from the apartment to their own new home in Kennedy Addition. At the present time just who will occupy the Vandlandingham home on Morgan is unknown to Yappin.

An Honest Question.

Was eating lunch when my little neighbor dropped in for a morning call. She liked the looks of my sandwich and accepted the invitation to have one While I was fixing it, she picked up the bite I had left and really seemed hurt when told that she must never eat anything that another person had about her mouth. Her big blue eyes were startled and she asked, "Why have you got germs?"

Smoky Mountain Bound.

The Marshall children came over to report their two day's vacation in the Smoky Mountains. Bringing numerous souvenirs, pictures, etc., for me to enjoy, it was a sight on earth to hear the glowing accounts of their experiences in four states — six hundred miles, little Henry said as he proudly displayed his collection of "things," including the Indian headdress he was wearing.

Finally, I asked, "Where did you sleep Monday night?" (when he stopped to draw his breath) "Oh, we had a cabin — they've got lots of cabins," he declared. Let Henry tell the whole story—"Daddy rented a family cabin for all of us. There was a big bed for Mommy and Daddy and a big bed for Claudia and Barbara—and—in the man got some nice clean sheets and opened the couch for me and Jimmy—and we had a bathroom too! Mommy took lots in the car for us to eat—you know—ham, pimento sandwiches, cake, potato salad and things, but Daddy bought our brefus." (I would take the, entire Yappin' column to list that menu.

Henry had more to say—"We saw lots of pretty flowers and cars and people. Indians and five bears ran loose ever place." Another long breath, "Lots of flies tried to get our lunch—but there was not a mosquito in the Smoky Mountains." Push, but don't shove!

A Real Yappin' Meet.

Quite a lot of water has gone under the bridge since January 1901 That was when I started to Carlisle school and met a little girl by the name of Clara Lee Barnett who was making her home with relatives, Mr. and Mrs. "Arm" (short for Armstrong, Hughes Thomas and family who lived in the cottage next to the present Pilgrim Holiness Church. Our family lived on Dorsey avenue near the Brushy Fork bridge and Clara and I became the best of friends.

I well remember the tiny doll and its nursing bottle that she brought to school one day. I surely never wanted anything so much in all my life. Mother said she would "tell Santa" but it would be months until Christmas — I wanted it right now. To restore peace, mother and I went shopping. The store was right along there by the present Mercury office—or maybe The Variety Store! Anyway, the placy was McKee's Racket Store but she had no bottles for dolls—said likewise some of Clara's folks had been to "the city" which meant Cincinnati. I guess Christmas never came that year.

I do not know just when or how Clara and I lost track of each other. Years passed before I learned that she had married Pete C. Marshall, a Nicholas county boy, and lived in Cincinnati. Saturday afternoon she knocked at my door! She is a widow now and has three daughters and a son. Part of her family visited the Marshall family (Cray is her nephew by marriage), my closest neighbors, while Clara spent a whole hour with me, asking about the people she once knew. No doubt, there are many left in Carlisle and Nicholas county who remember the little tomboy who spent her spare time in the top of some tree.

One of the first persons Clara asked about was the late Edna Roberts Cowan. "I didn't like Mr. Roberts," she recalled, "because he threatened to cut my nose off if I did not stay out of his trees" — she wondered if the trees were still there? Good grief, I feared she intended to do it again for Tarzan in all his glory never tried anything more daring than Clara.

Our small talk drifted back to the horse and buggy days and the first automobile we saw. "The first one I saw had great high wheels and was right here in Carlisle in the courthouse yard and it belonged to a man by the name of Boone Ingels," she recalled.

Farm and Home

by Estil J. Noffsinger, County Agent, Margie Wilson, Home Agent, Mason Morrison, Assistant County Agent

Now is a good time for seeding and fertilizing the lawn. By sowing in early September, the blue grass will come up in time to establish a good root system. This will give it a good start next spring and should get ahead of the new crop of crabgrass. Fertilizer will also help make the lawn establish itself quicker. A sample of soil can be brought to the Extension Office to determine the need for fertilizer and lime. A general application of 15 pounds of 10-10-10 or similar analysis fertilizer on each one thousand square feet of lawn will help.

Tobacco harvest is well underway in Nicholas county. Let's give most farmers a chance to get the cover crop seeded early. There are several advantages to seeding these crops early. A better root system can be established to prevent crowning in winter kill. The possibility of pasturing the cover crop this fall and winter will be increased. The later cover crops are seeded the heavier seeding rates should be to get good cover on the land.

The Horticulture Department of the University of Kentucky just released a three year study of varieties tested for commercial and home garden use. A few conclusions and recommendations are given so Nicholas county gardeners can try some of these varieties in 1963. Seed of most crops available. Northern Belle was the highest yielding early sweet corn. Golden Security was a very fine quality one yielding mid-season sweet corn variety. Wade continues to be one of the outstanding snap bean varieties. Manapal and Marion tomatoes did well. Irish cobbler and Kennebec potatoes are recommended. MR-17 cucumber was tops for yields. These are just a few of the crops grown on the test plots. Some are experimental and others are well known varieties. The researchers continue to try to find vegetables which have quality, drought resistance, insect resistance and outstanding appearance.

"Comfort and Beauty with Covered Cushions and Pillows" is the September project lesson for the Nicholas county homemakers. The popularity of pillows today is due to longer couches, television in the living room and family room, more casual living the family enjoys, and the need for color accent.

The colors used in covering the pillows can be bright, gay, vivid, and add accent to your room if the walls and background are neutral color. The pillows which are neutral white or tints of color tend to blend into the walls and background of the room. A pillow can be repeated from a fabric already used in the room. It can be plain, stripe, plaid or a floral depending on the room arrangement.

CHRISTIAN SCIENCE

How the works of Christ Jesus proved his sonship with God and illustrated what God's power can do for man will be brought out at Christian Science church services Sunday.

The Lesson-Sermon entitled "Christ Jesus" will have as the Golden Text this verse from the Bible I John 4:1 "We have seen and do testify that the Father sent the Son to be the Saviour of the world."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (p.333) "Christ expresses God's spiritual, eternal nature.

Opening lead: 3 of clubs.

East won the first trick with the ace of clubs and returned a small club. South took the trick with the king and led a small diamond to the ace on the board. South led the nine of spades and let it ride to lose to West's queen. West returned a small diamond. East went up with the jack and South won the trick with the king. South then drew the last two rounds of trumps, played three rounds of hearts, shifting a club and a diamond. South next trumped a heart in own hand, led last spade from hand and put up a club for two trick set.

COMMENT: West made one error in play. After taking the queen of spades trick, should have returned a heart instead of a small diamond.

FIRE DAMAGE SLIGHT

The Carlisle Fire Department was called Aug. 20 to the home of William Duncan on West Main street. Fire thought to have originated when a spark ignited lint in a dryer burned a small amount of clothing.

Nicholas County in compliance with KRS 424.220 (Financial statements) causes to be published the county's annual statement in part in this issue of the Mercury, with subsequent parts to follow in future issues.

Kentucky is one of many states that provide by legislative action the right of the people to know how public monies are spent. It behoves every taxpayer to examine the statement printed below:
