CHRISTIAN SCIENCE

The spiritual source of intelligence and creativity will be brought out Sunday at Christian Science church services.

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon, which includes this passage from Isaiah 45:—I am the Lord, and there is none else, there is no God beside me. I girded thee, though thou hast not known me."

From Science and Health with Key to "the Scriptures" by Mary Baker Eddy this selection will be read: "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love. No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows" (p. 275).

The Golden Text is from Hebrews (3:: "Every house is builded by some man; but he that built all things is God."

A final workshop for all teachers and workers will be held Friday evening, June 8, at 7:30 p.m.

"We have been pleased with the response of the public to our venture and feel that future years will bring greater attendance, he said," — there is no doubt that the trend shown in the mutuels from the start indicates that people are interested but must be educated to the sport. Those who have been here come back time after time."

Frank Wittman mutuels manager feels that "if will be about two years before the full potential is reached and then a nightly handle of $65,000 to $70,000 can be expected."

Right at the moment the nightly handle is at a per capita of around $28, close to tripling the first week's puny $11. A steady campaign designed to educate the new-comers has been in effect each night. Reference booklets have been given away and frequent announcements made to assist the public.

Actually the most popular spot has been the $250,000 clubhouse, filled nearly every night with visitors from all over the state. This location has been taxed to capacity, surpassing all expectations and rumors to the effect that enlargement may be in the offing.

The fifth and final week of the meeting began Tuesday night with eight races carded each evening. Post time has been moved up to 8:15 p.m. with the daily double windows closing at 8:05.

The duel between Joe O'Brien and Sanders Russell for top driver's spot continues. This week as they are scheduled for several brushes. Herb Britt, the year's top driver at Rockingham, has had the most starts so far, only four trips to the winner's circle. He ranks ninth in the meet on points however.

MUSEUM AT BLUE LICKS CALLED OUTSTANDING

The newly remodeled museum at Blue Licks Battlefield State Park, Robertson Co., is one of the feature attractions among the Kentucky Parks Department's museums and shrines, Parks Commissioner Edward V. Fox reports.

The visual interpretive display at the Blue Licks museum traces the history of the area from the days of the no-ex cent roadside through the time when Daniel Boone took part in the Battle of Blue Licks in 1782.

In the fighting at Blue Licks, often called "The Last Battle of the American Revolution," a small band of settlers withstood an attack by some 500 indians and British soldiers until help arrived and the attackers were driven back across the Ohio river.
