**CHUCK ROAST**  
Blade Cut **lb. 39c**  
Delicious when prepared as follows. To prepare these, rub on tenderizer following directions on can or bottle, put in refrigerator over night. Then grill just like any steak, brush with Barbeque sauce and when turning be careful not to puncture meat as this will let the juice drain out and cause meat to be dry. The best way to turn is with tongs or pancake turner never using fork.
