...FOR MAKING HIGH QUALITY HAY

its the FORD Rear-Attached MOWER

You can be sure that your hay making will be off to a good start if you mow with a new Ford Rear-Attached Mower. It's sturdy and dependable — cuts fast and deep to help you get the job done on time, before over-maturity robs you of much of the hay's feed value.

Convenient, easy-to-make adjustments—underrated or plain edge knife sections, heavy duty or standard guards — all contribute to the excellent performance of the mower in a wide variety of crops and conditions ... and it's on or off your tractor in a jiffy.

Models for all Ford Tractors and some competitive tractors with similar 3-point hitch. Available with 6" or 7" cutter bar. Ask for a demonstration.
