FREE IN COUNTY

In today's news from Washington, and to the misunderstanding of various local sources, many people are confused on the mailing of your local Carlisle Mercury.

Let us in just a short space tell you about "Free in County". This is a newspaper-mail circulation which Congress years ago set up to take care of people living in rural areas of the publication who did not have access to any communications media. The Mercury is opposed to this government handout and will continue its editorial in opposition to it. Most of our newspapers are sent through the mail each publication day and paid for as the "Free in County" can only be used under a certain restricted mailing situation. To clarify this idea that all our newspapers are mailed out free, and that we want a government subsidy, we are seeking through the Kentucky Press Association the removal of this tariff of the resident we're free.

It is correct that the Post Office Department does have lots of financial problems, and it is this harsh financial situation that struck a parked car.

A total of 1,242 persons were registered during the first two days of this week under the other government departments Social Security, Internal Revenue, Agriculture, Selective Service, Federal Reserve, Treasury, Defense, Interior, Commerce, Labor, Health, Education and Welfare, Post Office, Justice, State, Air Force, Army, Navy, Marine Corps, Coast Guard, Veterans Administration, Civil Service Commission, Atomic Energy Commission, Federal Aviation Agency, Federal Communications Commission, Federal Power Commission, Federal Trade Commission, Interstate Commerce Commission, National Aeronautics and Space Administration, Tennessee Valley Authority, Small Business Administration, Export-Import Bank, Federal Deposit Insurance Corporation, Federal Home Loan Bank Board, Federal Maritime Board, Federal Mediation and Conciliation Service, National Labor Relations Board, National Mediation Board, Railroad Retirement Board, Securities and Exchange Commission, Subversive Activities Control Board, United States Information Agency, United States Tariff Commission
