**COOL CATS AGREE...**  
 BEAT THE HEAT ELECTRICALLY!  
 We don't want to sound catly but a house that's not electrically cooled just isn't cool. Electric air conditioning keeps muggy and sticky air outside. Inside, it provides cool livability by controlling humidity, filtering out dust, pollen and locking out street noise. And when it comes to sleeping, it's really to relax. You wake up refreshed with air-cooled sleep. Come talk to us or your builder about all electric air conditioning. There's one featuring electric air conditioning that will fit your comfort and budget needs.
