HAVE YOU . . .

AN UNKNOWN DIABETIC IN YOUR FAMILY?

MORE THAN ONE MILLION DIABETICS DO NOT know they have this disease. A simple urine test, to find out if sugar is present, can save years of future trouble.

DIABETES IS AN INCURABLE DISEASE that is easy to live with if the diagnosis is early and medical advice is followed. Proper diet, insulin if needed and certain precautions, enable diabetics to live a normal and happy life.

MIDDLE OR OLD AGED PEOPLE, particularly those overweight, can develop diabetes and not know they have it until it is too late to prevent its serious consequences.
