Plowed ground ...

The current campaign for the United States Senate is a curious campaign. As Kentuckians, we have watched and heard the prominent senator tell us his story. Here, on plowed ground, he tells of his desire to help Kentucky. And yet, at a look at the record indicates that his vote has been cast almost consistently against the United States Senate. This checked record, in tongue-in-cheek record, is in contrast to the bright one put together by Wilson

... the candidate for the United States Senate. The Wyatt badge of accomplishment has been on every yard in Kentucky. The new roads, the new parks, the new forestry projects, the new plants, the expanded plants are all visible testimony to his work for Kentucky. If for no other reason, and there are other reasons—he (Wilson Wyatt) should be sent to the United States Senate as a senator FOR Kentucky. And we repeat FOR Kentucky.
