'63 CHEVROLET IMPALA SPORT SEDAN

Tomorrow-GO JET-SMOOTH CHEVROLET for '63

IT'S EXCITING!

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors . . . plus a lot of invisible ways to keep it looking and running like new when a lot of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting . . . self-adjusting brakes . . . a Delcotron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions.

'63 CHEVY II NOVA SPORT COUPE

GO CHEVY II for '63-IT'S EXCITING!

'63 CORVAIR MONZA CONVERTIBLE

GO CORVAIR for '63-IT'S EXCITING!

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

CHEVROLET

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.
