4H MEETING
By Debbie Vice
The second regular meeting of the Carlisle Sixth Grade, 4-H was held, December 12 at the Carlisle Elementary School. Mary Caldwell, our president called the meeting to order. First we discussed the 4-H talent show. Then the president turned the meeting over to Mason Morrison. We sang a few songs, then went into the program. It was about Christmas in many lands. The 4-H members and people of the Sixth Grade took turns reading the parts. Then we sang some more songs and then our president closed the meeting.

THE UNIT CLASSIC
by Cawood Ledford
University of Kentucky's basketball coach Adolph Rupp and its Athletic Director, Bernie Shively, had an idea. It wasn't exactly a novel idea, but it was different. The two men wanted to start a "holiday tournament" for their newly two year old basketball arena. These December sports classics were really coming into vogue all over the country. But this one in Lexington was to have a few different wrinkles. It would be played on a college campus, involving the University of Kentucky, of course. But the three visiting teams would represent three different sections of the country. And the most novel twist of all in the UK meet would be that every participating team would share equally in the proceeds. From these ideas evolved the University of Kentucky Invitational Tournament.

NICHOLAS COUNTY DEFEATS TOLLESBORO
The Nicholas County Blue Jackets traveled to Tolleboro last Tuesday night and returned with a 73-55 victory. Winning three straight games in five outings, the Blue Jackets jumped out to an early lead and was never headed although the game was tied twice during the contest. The Wildcats tied the score 23 to 23 in the second quarter, with five minutes to play. Then with Allison, Cleaver and Daugherty leading the way the Jackets raced to a 37-26 half-time lead. The third quarter was played mostly on even terms with Nicholas leading 53-41 lead at the quarter stop.

CAWOOD CALLS BASKETBALL

has resulted. In 1953, the first UK Invitational, each of the four teams took home \$8,200. In 1959, the record year, each team took home over \$15,000, an more than some teams earn in an entire season. But to say the money is the only magnet luring in top-flight visitors would be wrong. In a brief span of time, the tournament has become a prestige-packed classic. Twice in very recent years the winner of the UKIT has immediately been named the nation's number one ranking team. Coach Rupp and Mr. Shively not only fostered the idea, but have improved on it.

Appliance Gift Should Please
To make a hit with an appliance gift, think first of the needs of the recipient.
Too often gift buyers make the mistake of selecting what they themselves would like or need. An electric fry pan is a practical gift—unless there is already one in the family. An electric can opener is usually a fine gift, but it's not too much appreciated by the family that uses little canned foods or has no place to put the appliance.
A portable stove may be a good gift for an apartment dweller, but will have little value to the family which heats a thermostatically controlled range.

Lurd, make me an instrument of Thy peace.
Where there is hatred, let me sow love.
Where there is injury, pardon.
Where there is doubt, faith.
Where there is despair, hope.
Where there is darkness, light.
O Divine Master, grant that I may not so much seek to be consoled, as to console.
To be loved, as to love.
For it is in giving that we receive.
And it is in doing that we are made free.

Gifts For Dad

Two words found opposite the word "dad" on many Christmas gift lists are "short" and "tired."
Despite all the jokes about dads getting nothing but ties in their gift boxes, researchers say the chances of a man getting a tie as a gift are about one in seven. The popularity of the tie as a gift is understandable. There's no worry about "size." The tie will always fit. The only worry is in getting a suitable color. This is usually solved simply by looking at the kind of tie in wearing or the selection on his tie rack.
Buying a man a shirt is a bit more difficult. Size is important. Yet, equally so, is color and style. Men's shirts may all look alike, but there's always the consideration of quality. The woman who buys her husband a shirt should be able to buy a man a quality shirt.
Some things to look for in a quality shirt: sturdy button, the neck and the underarms in some way under a measure of stress.

smooth, uniform buttons; sleeves out in one piece so they will be easier to iron; even, closely spaced stitches along cuffs and front panel.
Dad knows quality in shirts and he will appreciate the shirt he would choose for himself.

Borrow A Page From Santa
Christmas would be happier if we could borrow a few of Santa's tricks. Santa Claus to for the few folks here and there who object to Santa Claus. There are some.
Christmas is primarily a religious holiday, the most important holiday of all, marking the birth of the Child Jesus.
Santa Claus to for the children, the unspoken, hopeful youngsters for whom life becomes a fairy tale during this holiday season. They will come to understand the real Santa plays in the holiday observance.
Christmas might be happier for all if those who object to Santa could be urged to take his place for a while. A red suit and a white beard would not be necessary. It could be accomplished merely by seeing to it that the undergarments, the necktie and the undergarments in some way under a measure of stress.
