THESE TRUTHS WE MUST HOLD

ARE PRIVATE PROFITS GOOD FOR THE NATION?

Americans believe: While profits are the mainpring of efficiency and the assurance of constant improvement in goods and services. Without the stern necessity of earning a profit, few men will do their best. Private profit is a small "commission" on the benefits extended to the customers. It is on the expectation of profits that men dream, plan, and produce. It is on the realization of profits that the good things of life are expanded.

Communists believe: While profits must be a part of every selling price, they should belong to the state. The state is supreme, therefore it is a function of the state to dictate the use of all human and material resources. The desire for private profit is unnatural and should not occur to any individual, whose only desire must be to serve the state.

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY

To renew and quicken interest in our precious heritage of Freedom, and its superiority over the Communist philosophy, these messages are being published by Kentucky Utilities Company, an investor-owned electric company.

Miranda Homemakers

The Miranda Homemakers met at the home of Mrs. Albert Booth on Wednesday, Dec. 12, for an all day meeting and the annual Christmas party. There were 20 members, two visitors, Mrs. Margie Wilson and five children present. Mrs. Carl Hughes, vice president presided at the business session. At noon a lovely dinner was served with red velvet cake as dessert. A beautiful Christmas story, "The Wonders of His Love," was given by our reading chairman, Mrs. Rachel Stacey, assisted by Mrs. W. W. Rigg. Club members read the Scripture, prayers and sang carols with Mrs. Wilson as pianist. For recreation we had our exchange of gifts with each member receiving a gift. We also took a gift of fruit and candy to a church member in the Convalescent Home. Our January meeting will be held at the home of Mrs. Will Kendall with Mrs. Joe A. Stone and Mrs. Edgar Scott as hostesses.
