**Remember 1940?**  
only electric living brings you  
1963 values at 1940 prices!

Quick now... how many electric servants in your home? Keeping up with this steadily growing use of electricity, you constantly build and expand our facilities in bringing you the power—dependable and plenty of it—to keep every appliance doing its job... And in just 23 years electricity has taken over the easy new job too—from household and driving to the car to cooling or heating the home, from washing your dishes to entertaining you while you relax.

**BEHIND YOUR DOCTOR STANDS YOUR DRUGGIST**  
When you enter a tall building, you have faith that the builder so constructed it that it will not come down around your ears. This is the type of faith your doctor has in his druggist. He knows that trained pharmacy is a right arm to medicine-- that those who "build" prescriptions do so with an expertise that knows not the saying: "to err is human!"
