

LOCAL TEACH-GIVE PROGRAM
Featured at 1 Teachers' meet...
April 6, 6 program given...
Mrs. Clyde Sand...
"taken work" article...
Journal and Shepherd review...
in "Doubtful...
beared in the...
All the moored...
participated in...
to help man as he...
adventures...
into outer space...
The admiral...
qualify him for...
space travel...
He is light, compact...
rugged, and capable...
for weeks without...
food or water...
Government...
scientists at the...
National Aeronautics...
and Space Administration...
are designing a three...
"space in which to...
place living plants...
and the cockroaches...
to do things. It has...
already been announced...
by the scientists, and...
as anyone who...
firm, cockroaches...
The experienced...
cockroach would...
reveal what happens...
to the cockroach's...
routine when in...
orbit where day and...
night do not follow...
24-hour pattern...
The cockroaches...
have already...
participated in some...
high-altitude tests...
to determine if they...
could survive low...
temperatures, pressure...
and humidity. While...
did not survive when...
taken to the outside...
of jet planes, the...
cockroaches in space...
in bomb bays lived...
indicating that it was...
rather than the other...
stress which killed...
them. Admittedly, and...
thank goodness, the...
cockroaches and man...
react differently in...
most situations, never...
theless, the research...
has implications for...
man. The cockroach...
having survived 200...
million years is a...
pretty tough little...
critter. He has...
exhibited remarkable...
ability to adapt to...
changing environments...
resist chemicals...
and displayed an...
extraordinary...
resilience. Whether...
the rhythm in a...
roach should be...
changed radically...
in outer space, it...
would indicate that...
the human astronaut...
who is somewhat...
frailer might be...
headed for trouble...
It seems unlikely...
that the cockroach...
will ever be given...
a parade down...
Pennsylvania Avenue...
like our other...
heralded astronauts...
to date, but perhaps...
in his own little...
way, he will make a...
contribution...
And in recognition...
of his power for...
survival, I guess...
it is no wonder...
that the National...
Flight Control...
Association recently...
nominated the...
cockroach the...
biggest pest of the...
year.
