We welcome Mr. and Mrs. Billy Timmer and children back to our community. They moved from the old Hamilton place to their home.

Feels like somebody put a runway where the road should be!
With engines up to a 425-hp V8 and its luxurious Jet-smooth ride, you may not notice where air travel leaves you and a Chevrolet Impala begins. Take-offs are smooth and effortless. Hills seem flat as prairies. A big coil spring at each wheel and over 700 sound deadeners throughout the body and chassis make you feel you're hardly on the ground at all.

Think for a moment. Can you name a fighter other than Floyd Patterson who has fought the Stanley Lion?
The Heavyweight Champion is thought of as invincible, but that reputation is built primarily on a meeting with Patterson. Neither fight lasted through the first round.

The state. This is only the beginning of the impact of tobacco on this state's economy. If, according to economic theory, the new farm comes turns over 5 times, it accounts for a billion and one-half dollars of new farm income. Almost every Kentucky is benefited, because this amount of money touches almost every school, church and business in the state. Values of much of Kentucky's tobacco are terminated by tobacco taxes and prices. State and federal taxes accruing from tobacco amount to 3 times that received for the crop by producers.
