Most of the counties have raised most of their quota and two or three have already exceeded their quota. Some of the counties have just started working hard on their financing during the past few months.

Jim Stephens of the University of Kentucky Extension Service who has been working closely with the district group, is trying to raise the finances for the camp, reported that approximately $200,000 has to be raised and that another $95,000 is yet to be obtained.

The Ray Ranta, State 4-H Chairman, reported that full time camping at the new camp will begin in 1965. Due to the lack of water, gas and sewage disposal facilities at the camp, it is practically impossible to have organized camp at the site in 1964.

The group voted to set November 1964 as the deadline for completing the quota for the camp. All counties were requested to try to get all pledges, quotas, and contributions in by that time. Several of the counties are planning drives and activities in coming months to raise the remainder of their money.

Attending the meeting from Nicholas county were Mr. and Mrs. Harry Trapp (manager at the camp, Harvey Wagoner, county representative on the state finance committee, and Thomas Stevens Jr., Associate Extension Agent.

The next meeting of this camp group will be May 18, 10:00 a.m. at the camp site.

4H Camp Group Meets; Reports Finances

The North-Central 4-H Camp Committee met at Lexington last week to report the progress made by each of the counties in this area in collecting funds for the District 4-H Camp located in Nicholas County.

John Perkins, chairman of the district group, presided and reported that the plans for the dining hall have been completed. According to Mr. Perkins, the building will house the dining and kitchen facilities, a recreation room and dressing rooms for the pool which will be located adjacent to this building. The dining hall will be one of the best buildings on any camp in Kentucky and will have more than 10,000 sq. ft. of floor area. Cost of the building and equipment is reported to be approximatily $100,000.

University of Kentucky engineers are now working on plans for the swimming pool. Original plans call for the pool to be 40x80 ft. in size but it may have to be reduced to a smaller size due to the lack of finances to make it as large as originally planed.

Representatives from all but three of the 27 counties were present to report on the amount of finances raised in each county to finance work on the camp. The counties reporting and this approximate a mount of money raised to date was as follows: Anderson—$5676.; Boone—$2633, Bourbon—$11,994; Bracken—$5000; Boyle — $10,609; Campbell — $2419; Carroll —$4600; Clark — $7881; Fayette—No report; Franklin—$2610; Gallatin—$2502; Garrard — $7039; Grant — $1094; Harrison — $2942; Henry — $3587; Jessamine —$5355; Kenton — $2661; Lincoln — $4736; Madison —$15,616; Mercer — $6900; Montgomery — No report; Nicholas — $2,706; Owen —$3555; Pendleton—$1352; Scott — $9361; Trimble — $1830; Woodford — No report.

Most of the counties have raised most of their quota and two or three have already exceeded their quota. Some of the counties have just started working hard on their financing during the past few months.

Jim Stephens of the University of Kentucky Extension Service who has been working closely with the district group, is trying to raise the finances for the camp, reported that approximately $200,000 has to be raised and that another $95,000 is yet to be obtained.

Blount Named Bankers Ag Chairman

Joe D. Blount cashier, First National Bank has been named county agriculture chairman of Nicholas County by L. D. Sweazy, Versailles, president of the Kentucky Bankers Association.

Mr. Blount will serve as the representative in the field of agriculture between the Kentucky Bankers Association and the agricultural agencies and organizations in his county. He will assist agricultural leaders in planning educational and promotional activities where needed; assist the people of the community in knowing how to use their bank services to the best advantage; work toward the encouragement of new and improved farm practices; support youth leadership activities; cooperate with farm leaders and agencies in such activities as educational tours, field days and achievement meeting; and, in general, represent banking in the agricultural field wherever needed.

"We assure the farm people of Kentucky that the banks of Kentucky are vitally interested in agriculture and that it is the desire of the Association to assist in programs designed to improve the income of farm people whenever and wherever the opportunity affords itself", said president Sweazy in announcing the appointment of Blount as chairman. The Kentucky Bankers Association is recognized as one of the outstanding groups of its type in agricultural work in the country and has received many national awards in the field.

Training Courses Being Offered

The Department of Economic Security at 300 South Upper street, Lexington, is accepting applications for training under the MOTA Program. Among the courses that are being offered are: Drafting, Linoleum and Tile Laying, Machine Operation, Auto Mechanics and Auto Sales Counterman. Training is expected to get under way in March.

Under this program, the cost of training in borne by the Government and in many cases, heads of family and heads of household are given an allowance of $32 per week while in training. Single men, generally, do not qualify for allowances. However, they do receive free tuition and free text books while in training.

The training in Linoleum and Tile Laying will be for two months, with reasonable expectancy of employment after graduation. Some of the other courses are for one full year.

All training will be conducted at Lfayette Vocational School, Lexington, Kentucky.

H. S. Vice, Chairman of the Nicholas County ASC Committee, announced today that applications for official premeasurement of tobacco or Feed Grain acreages will be accepted at the Nicholas County ASCS Office anytime between now and March 22. The rate to be charged for the premeasurement service for tobacco will be $9.00, plus 50 cents per acre, plus $2.00 for each patch over one. For other crops or land uses the charge begins at $8.00, plus additional charges for each acre to be premeasured. Payment based on these rates will need to be made at the time the request for the service is filed.

"The premeasurement is purely optional" says Mr. Vice" and is offered as a service to farmers who prefer to have an official measurement to use as a guide."

The Chairman explains that regular compliance visits by ASCS reporters will be made for the purpose of determining compliance as soon as possible after crops have been planted at the time of these visits a check will be made and the farm will be considered to be within the respective crop allotment if planting is confined to the premeasured area.
